

BRITISH PIERCE GERMAN SECOND LINE TRENCHES ON A FOUR MILE FRONT

Czar Calls Cabinet to Confer With
Him At Field Head-
quarters

VERDUN BATTLE RENEWED

Heavy Artillery Duel Raging At Souville
But Infantry Engagements
Cease

LONDON, July 14.—It is officially announced that the British have smashed the second line of German defenses over a front four miles wide. The text of the official report follows:

"This morning at dawn we attacked the enemy's second line of defense. We broke into hostile positions on a front four miles wide and captured several strongly defended localities. Heavy fighting continues."

BERLIN, via Sayville wireless, July 14.—In a resume of the military situation on the west front, compiled by the Overseas News Agency, it is declared that neither men nor guns have been removed from Verdun to meet the allies' offensive on the Somme.

BERLIN, July 14.—A furious struggle between the British and Germans is in progress on the Somme front, particularly in Mametz forest and Trones woods.

The German war office stated today that English attacks against the German positions at those points were repulsed, but that fresh assaults were immediately delivered and that the fighting continues.

On the eastern front the Russians were repulsed at Zarphe, losing 160 men in prisoners and two machine guns.

NO INFANTRY ACTIONS.

Only Heavy Artillery Battle Marks
French Line, Says Paris.

PARIS, July 14.—Although there were powerful artillery duels on the Somme and Verdun fronts last night, no infantry actions were reported by the French war office in its official communiqué today.

(In its allusion to the Somme front the war office refers only to that section held by French troops and not to that part held by the British.)

The French are carefully organizing their new positions south of the Somme, particularly in the region of Barleux where the Germans have made counter attacks in an effort to win back some of their lost ground.

The text of the official communiqué follows:

"North of the line of the region south of Ville au Bois and on the plateau of Vauchers, two German attacks were immediately stopped by our machine gun fire."

"On the right bank of the Meuse, the artillery duel in the sector of Souville continued with violence. There were some patrol engagements in Chenois wood."

"No important event occurred on the rest of the front."

ALLIES BREAK SECOND LINE.

British Take Four Miles of the
Somme Front.

LONDON, July 14.—Driving forward with the momentum of a battering ram, the British forces on the Somme front have broken the second line defenses of the Germans over a front of four miles.

Official announcement of this enormous gain was made by the war office in its official report issued at noon.

For 24 hours the German positions had been bombarded with the utmost violence by British guns of all calibers before the infantry attacks were launched. Then the English legions rolled forward in irresistible waves over-running the blasted trenches which had been reduced by shells to a series of irregular craters.

Between the Ancre and Somme rivers the British pressure has been concentrated along the Albert-Bapaume highway and the Bray-Bapaume road and it was in this region that the most powerful assaults were delivered. The German troops in front of Bapaume, the immediate

PANCHO VILLA CALLS TREVINO TO SURRENDER

Washington Discredits Re-
ports of Northern Gen-
eral's Revolt.

EL PASO, Texas, July 14.—After a conference with General Bell today, General Francisco Gonzales, the Juarez commander, set aside General Trevino's peremptory order not to allow supplies to be shipped to the Pershing expedition. The train of foodstuffs, which has been held at Juarez for 24 hours, left there at noon.

EL PASO, Texas, July 14.—Pancho Villa has sent an ultimatum to General Trevino at Chihuahua City demanding the surrender of the city, according to reports received here today.

If the town is not turned over on the approach of his forces he threatens to sack it and execute the officers.

WASHINGTON, July 14.—Official announcement was made at the state department today that reports had been received from consuls along the border, denying the reports that General Jacinto Trevino was planning to revolt against Carranza and join forces with Villa. It was stated the reports showed General Trevino is acting under orders from Carranza and has shown no indications of revolting.

TREVINO HOLDS CHIHUAHUA

Commands 20,000 Men in Border
District; May Make Trouble.

EL PASO, Texas, July 14.—Upon General Jacinto Trevino, who made a bid for Mexican fame by ordering General Pershing's expedition to move only north and west, followed this act by ordering the Carrizal act, today depends in large measure the future relations between Mexico and the United States.

By his stand, Trevino upsets the plans of the de facto government for a show of friendliness towards the United States. Whatever inspired it—the mobilization of the militia, or the influence of some European power the Carranzista ambassadors have been going through very ostentatious motions of peace and co-operation recently. Not the least of these was the permission to ship supplies over Mexican railroads to Pershing.

In Chihuahua state Trevino is in command of an army of 30,000 men. His agents have been in conference with the various commanders. The great majority of them have declared for Trevino, it is said, and anything he may do to inconvenience the "Gringos" or establish a better rate of pay than the two Carranza pesos which are worth four cents only by grace of the greatest indulgence.

THREE KILLED IN DOMESTIC TRAGEDY

CHICAGO, July 14.—Leaving a note saying that "this was the only solution," Theodore Wasserman, a wealthy contractor, murdered his wife and baby early today and then killed himself. The bodies were found in the fashionable apartment in which they lived by a maid when she came to work this morning.

The head of Mrs. Wasserman had been beaten in with a blunt instrument. The child, 20 months old, lay in its crib. It had been chloroformed.

Wasserman had made doubly certain that he would kill himself. He retired to another room from where his wife and child lay and cut his wrists. He then turned on the gas in a fire-place and then lay down with his head but a few inches from the log. No reason is known for his act.

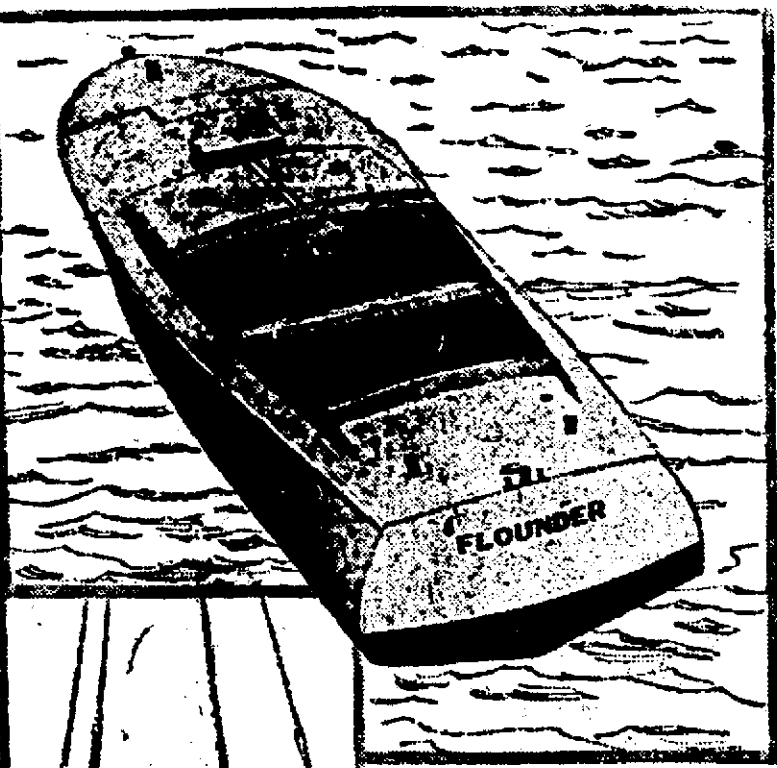

FIND BODY OF BOY KILLED BY SHARK

NEW YORK, July 14.—The body of 12 years old Lester Stillwell, who was killed by a shark while bathing in Matawan creek at Matawan, N. J., on Wednesday, was recovered today. The corpse bore the marks of the fatal attack by the man-eater. The face and limbs were unmarked. Watchers believe they have three sharks penned up in the creek and planned to kill them at low tide.

WOULD RE-INSTATE OFFICERS.

WASHINGTON, July 14.—President Wilson was urged by Senator O'Gorman today to order the re-instatement of Colonel Louis D. Conlay and Lieutenant Colonel John J. Pihlan, of the Sixty-ninth New York infantry, ordered mustered out by Major General Wood for physical disability. The senator said apparently there was more justification for the mustering out of Lieutenant Conlay than for that of Pihlan, but he also urged his re-instatement.

British Patrol Boats Will Await the Deutschland

This photograph shows two views of the powerful British patrol boats which will await the Deutschland, the great German submarine, off Chesapeake bay, after she leaves Baltimore on her homeward voyage. The boats were built in Boston some months ago and shipped to Liverpool. The lower photograph shows one being hoisted to the deck of the freighter which carried them over. The boats are forty feet long and of 135 horsepower. Their speed is very great, much more than that of any battleship. Each boat carries small guns in the bow of sufficient calibre to puncture the thin shell of any submarine.

Four Injured When Train On Pennsy Fired Upon; Hold Up Attempt Alleged

As a result of an alleged attempt to hold up the Broadway Limited on the Pennsylvania railroad yesterday, between Maples and Monroeville, Indiana, R. J. Wood of Pittsburgh, H. P. Gillett of Philadelphia, Kiefer Newman of New Orleans, and Bertha Gosweiler were injured by leaden pellets fired at the observation platform on the rear car. All of the injured were taken care of by Dr. J. B. Vail, when the train arrived in Lima. The train was held in Lima while the injuries were being dressed.

According to the report of the division headquarters of the Pennsylvania railroad, stated that two boys armed with shotguns, fired on passengers who were seated on the observation platform of the east-bound Broadway limited last night, injuring four persons.

The attack took place between Maples and Monroeville, Ohio, according to the report.

PITTSBURGH, Pa., July 14.—R. J. Wood, one of those injured in the attempted holdup of the Broadway limited was brought to his home here today suffering from painful wounds in his legs.

He said he was with other passengers sitting on the observation platform when he heard a report that sounded like a bursting electric bulb or exploding torpedo. He felt a twinge of pain in the legs and looking down saw blood soaking through his trousers. Others around him fell from their chairs. None of the passengers knew what had occurred.

The injured were carried into the car and given first aid treatment.

At the next tower the train was stopped and a message sent ahead for physicians to meet the train. Wood said many of the shots struck the woodwork of the car and were imbedded there.

FORT WAYNE, Ind., July 14.—The report received here today by

PARKER SUMMONS ANOTHER MEETING FOR PROGRESSIVES

NEW ORLEANS, La., July 14.—In a statement which he is now preparing, John M. Parker, progressive vice presidential nominee, calls upon progressives of the nation to call another convention at Chicago on August 8 to nominate a president and vice president. Parker's plea is addressed to "Patriotic Men and Women of America." The full statement will be issued Sunday morning.

GUARDSMEN POISONED.

NOGALES, Ariz., July 14.—Fifty cases of ptomaine poisoning developed in militia camps here today, following a mess of tinned meats. Investigation showed the tins bore labels, "For Philippine Islands, 1905." It is said. None of the cases is serious.

GALE SWEEPS EAST AMERICAN COAST

ATLANTA, Ga., July 14.—A 64 mile gale that swept the Georgia and South Carolina coasts last night and early today did extensive damage, particularly at Charleston, where telephone and telegraph wires were destroyed leaving the city isolated.

Waves were dashed over the sea wall at Charleston and many barges and other small craft in the harbor broke apart.

Savannah reported that the height of the storm had passed there, but that a negro fisherman had been carried out to sea and drowned before the gale began to die down.

POSTMASTER FINED.

MARYSVILLE, O., July 14.—Thomas F. Dodd, postmaster at La Rue, was arrested, through a deputy fish and game warden, on a charge of having a fine in his possession, and was fined \$25 and costs by Justice Charles V. Haberman.

30 DEATHS ONE DAY BY INFANTILE PLAGUE

New Cases In New York
Reach 160 During Past
Twenty-Four Hours

BROOKLYN HAS MOST

Adrenalin Found to Be Effective
In Combatting Paralysis Which
Is Spreading Now In South

NEW YORK, July 14.—One hundred and sixty new cases and 30 deaths from infantile paralysis in Greater New York were reported to the health department today. The report covers the 24 hours from 9 a. m., Thursday, until 9 a. m., today. The biggest increase was in Brooklyn.

The infantile paralysis report covering Brooklyn for the past 24 hours shows an increase in both the number of deaths and in new cases. One hundred and twenty new cases were reported in Brooklyn during the 24-hour day from 9 a. m., Thursday, to 9 a. m., today. There were 16 deaths during that time. The 24-hour report issued yesterday showed 76 new cases and 13 deaths in Brooklyn.

The health department announced today that it has secured enough physicians to canvass Greater New York thoroughly and to make speedy reports on all suspected cases.

Announcement by Dr. S. J. Meltzer of the Rockefeller Institute that adrenalin is of great curative value in treating infantile paralysis helped today to decrease the panic that had spread over the metropolitan district as a result of the plague.

"There are plenty of adrenalinists here to cope with the situation," was the question asked by many physicians when they heard of Dr. Meltzer's announcement. Inquiry at the office of the firm which is the sole manufacturer of adrenalin in this country brought an affirmative response.

"We believe we have enough to deal with any emergency," it was stated.

Adrenalin is extracted from the gland above the kidney. Its market price is about \$1 per ounce.

According to Dr. Meltzer, injections of adrenalin will prevent the spinal lesions which develop in the course of the disease and which causes paralysis and death. Efforts are now being made to determine whether it can be used as a vaccine to prevent children contracting the disease.

MEMPHIS, Tenn., July 14.—Infantile paralysis is spreading alarmingly in western Tennessee. Two deaths were reported today from Alamo where six new cases have been discovered in the last 24 hours.

Reports to the health board here show there are now 15 cases in Dyer county, seven in Crockett county, six in Gibson county and four in Lauderdale county.

An appeal has been made to Dr. H. H. Shouder, of the state board of health, to rush physicians to the infected districts.

PHOTO at Toledo.

TOLEDO, O., July 14.—Two more cases of infantile paralysis were found here today. This makes 10 cases now under surveillance here with one death reported.

U. S. WILL PAY FOR MILITIA RAID

CLEVELAND, O., July 14.—Police today were prepared to forward to Secretary of War Baker a report of the raid made upon East Ninth street business places for soldiers of the New York national guard passing through here on their way to the border yesterday. The raid, but his candidacy was obviated by his appointment to the federal court here.

Clarke has been prominent as a corporation lawyer. For many years he was general counsel of the Nickel Plate railroad.

He has advocated many progressive policies in his various campaigns for office and in the hundreds of speeches he has made in behalf of the democratic ticket in numerous elections. He urged the direct election of United States senators and two-cent railroad fare long before they became popular with a majority of politicians.

Clarke's appointment to succeed Justice Hughes in the nation's highest court, is attributed here to the efforts of Secretary of War Newton D. Baker.

The selection of Judge Clarke gives the high tribunal two Ohioans, the other being Justice William R. Day, of Canton.

ELYRIA.—Frances Campbell, of Lorain, seven, born without hands or feet, is at the Gates hospital for crippled children and will be equipped with artificial limbs and educated to use them.

Weather for Ohio and Vicinity

SUMMARY OF THE TIMES-DEMOCRAT Friday, July 14, 1916.

LOCAL.

Perfume thief is caught by police.

Mrs. Hartman's funeral to be held tomorrow.

Will inspect work in juvenile gardens.

Sergeant Adams receives orders to recruit for national guard.

South Pine street home is robbed.

Minister ordained in Church of Christ.

Will elect state fair boys Saturday.

Street sermon tomorrow night.

U. S. office to recruit the militia.

Chautauqua city elects own mayor.

Four injured when Pennsy train is fired upon.

NATIONAL.

Reported revolt of Trevino is denied.

Gale sweeps east Atlantic coast.

Thirty deaths in one day by infantile plague.

Parker calls another bull moose convention.

Wall street prices keep up see saw.

Will organize tollers in tuberculosis fight.

One killed and many injured in riot.

U. S. will pay for militia raid in Cleveland.

Three killed in domestic tragedy.

General fund in U. S. treasury largest since year 1908.

FOREIGN.

British pierce German line on four mile front.

Belgian army is now first class fighting force.

Railroad strike in Spain is spreading.

KILLED BY FALL.

CHARDON, O., July 14.—Frank Inman, 35, was found dead in a barn on his farm in Chester township by his mother. Frises on his head indicated he had fallen from the hay loft.

Chautauqua, At Once, Most Popular Place In Lima

Specially Attractive Features on Saturday and Sunday.

SATURDAY'S PROGRAM.

Afternoon.
Metropolitan Male Quartette, the biggest thing on the chautauqua platform, in their full program.

Evening.
Prologue by Metropolitan Male Quartette.
Lecture by Dr. Charles E. Medbury, pastor of the University Church of Christ of Des Moines, Ia. Subject, "Forty Million Young Folks".

A wonderful interest has been revived in chautauqua going in Lima and although it has been some years since a like meeting was held in this city, the interest is so great that every afternoon and evening people think of going no place else than the chautauqua.

For the Sunday program, a list of attractions such as will suit the sacredness of the holy day and which will conflict in no way, with the conscience of any one, has been prepared. For the early afternoon the Florentine Singers and Players will give a full program, consisting of about three-quarters of an hour of a novelty program. They are an all-star company of players.

Dr. Glenn Frank will follow with his noted lecture. His subject will be, "Re-Betting the World Stage". He is one of the strongest men on the lecture platform today. He is an encouragement to every man who has a thought to utter.

On Sunday evening the Florentine Singers and Players give an interesting concert and will be followed by the Rev. (Dr.) W. C. Coleman, Spanish-American war veteran and chaplain of the United States army during this war. His subject will be in keeping with the sacred day. This is an added number and W. J. Graff, superintendent of the chautauqua, says Lima people are fortunate in being privileged to hear him, as he is one of the greatest men on the platform at this time. Everywhere he is cordially received and his utterances are met with hearty applause.

Then at 11 o'clock on Monday comes Karl Germain, whose supernatural and mysterious performance has fascinated people for years and years. He was originally billed to appear on Sunday, but as he does not appear on a sacred day, for fear that some possible objection might be found to make unholy the Sabbath, he will come on Monday. The committee was fortunate to secure him for this unusual date, but he declared he wanted to give the committee everything that was coming to them and as he was originally billed, he decided he would take this method of appearing.

Most Auspicious Opening.
The opening yesterday afternoon was most auspicious. Despite the fact that the thermometer stood at 98° in the early afternoon and that the storm clouds hung low as it was time for the big tent to fill up, the attendance was unusually large. Everybody was cool and happy in the big tent. The location of the tent in the park proves most refreshing.

The audience applauded and applauded and were scarcely satisfied at that, after the Colangelo Famous Italian Musicians had completed their program.

Attorney R. C. Eastman, who has been one of the hardest workers for the success of the chautauqua, introduced Mr. Graff, the superintendent. The audience responded with the real chautauqua salute.

Prof. Frank Baroni of Boston, led the big company of musicians into such instant favor with the audience, Miss Doris Paine was soloist and delighted the audience with her numbers. The orchestra played among the numbers a medley of national airs and selections from Cavalleria Rusticana.

In the evening the Rev. J. M. Mills arose and asked that this medley of national airs be repeated by the orchestra. The vast audience arose and sang with vim and vigor "The Star Spangled Banner" and "America".

Mr. Forarso, Italian soloist, pleased with his lone numbers and in a duet with Miss Paine, at this session. They appeared in Italian costume in the duet.

Dr. Ray Lectures.
Dr. G. Whitefield Ray, Fellow of the Royal Geographical society, gave the chief entertainment last evening. He favored with an illustrated lecture on "The Republics to the South". For 14 years Dr. Ray traveled in South America and his talk and illustrations were based on his travels.

He is the world's greatest authority on these subjects or at least, one of the great authorities. He was official explorer for the Bolivian government and they made him a citizen of that country and gave him an extensive grant of land. A mountain which he discovered was named by them Mt. Ray, in his honor.

made his explorations with them. His subject was of extreme interest, on account of the developments which naturally affect the United States and are now being made there.

Many Good Things Enjoyed.
These were some of the beautiful things enjoyed the first day. Every day will be even better. Many families are planning to make of the chautauqua picnic and gala days, to take their baskets of good things, invite a little party, enjoy the afternoon program, remain for a picnic supper and again in the evening, hear the delightful things offered.

The sale of season tickets has been large and the boosters behind the chautauqua are leaving no stone unturned to make this the greatest occasion Lima ever has enjoyed in the way of such a gathering. To those who have not season tickets, paid admissions may be had and any one can attend who desires.

All over-plus after actual expenses are paid will go to aid the city hospital and the Lima Instructive Visiting Nurse association—two of Lima's greatest philanthropies. The Copley Comedy Players will give the program this evening. A competent cast will present "Publicity". It is of the broadest comedy and has many laughable situations and a flow of wit which is mirth provoking. No one will want to miss the session tonight.

DEUTSCHLAND WILL LEAVE TOMORROW

BALTIMORE, July 14.—That the super submarine Deutschland will make its dash for Germany tomorrow night, is the belief all along the water front here today. Extra stevedores were put to work loading the cargo of nickel and rubber and every effort is being made to have the submersible fully loaded by tomorrow.

The report that the Deutschland will first go to Norfolk to take on cargo was scouted here today. It was learned that when the submersible leaves here she will have on board a complete cargo and will not stop at another American port.

WASHINGTON, July 14.—Another complication arose today in the situation created by the arrival at Baltimore of the super submarine Deutschland. The state department learned unofficially that the German government is considering calling to the attention of the American government the existence of an old treaty forbidding any but port and customs officials of one country to board the merchant ships of the other, in their official capacity.

YOUR BOWELS SHOULD MOVE ONCE A DAY.

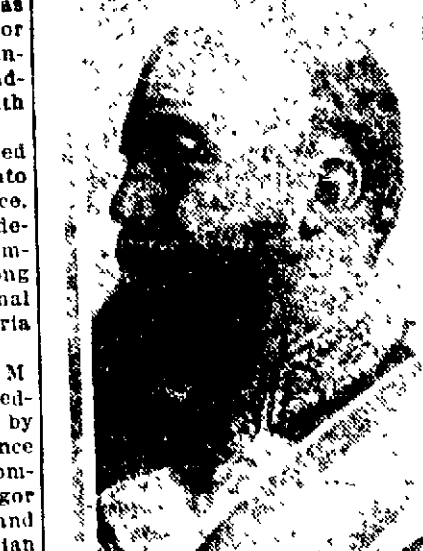

A free easy movement of the bowels every day is a sign of good health. Dr. King's New Life Pills will give you a gentle laxative effect without griping and free your system of blood poisons, purify your blood, overcome constipation and have an excellent tonic effect on the entire system. Makes you feel like living. Only 25c at druggists.

KILLED BY MOTOR TRUCK.

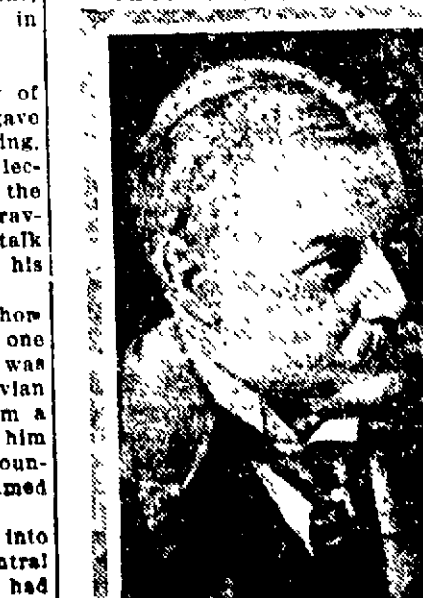

UPPER SANDUSKY, O., July 14.—Garland Miller, 23, of Mt. Blanchard was crushed to death this morning by a motor truck loaded with stone for road work.

U-BOAT WARFARE MAY BE RESTORED.

Germany may see fit to renew a U-boat warfare in such a case it is not unlikely that Prince Von Buelow and Admiral Von Tirpitz would have their former power restored to them.

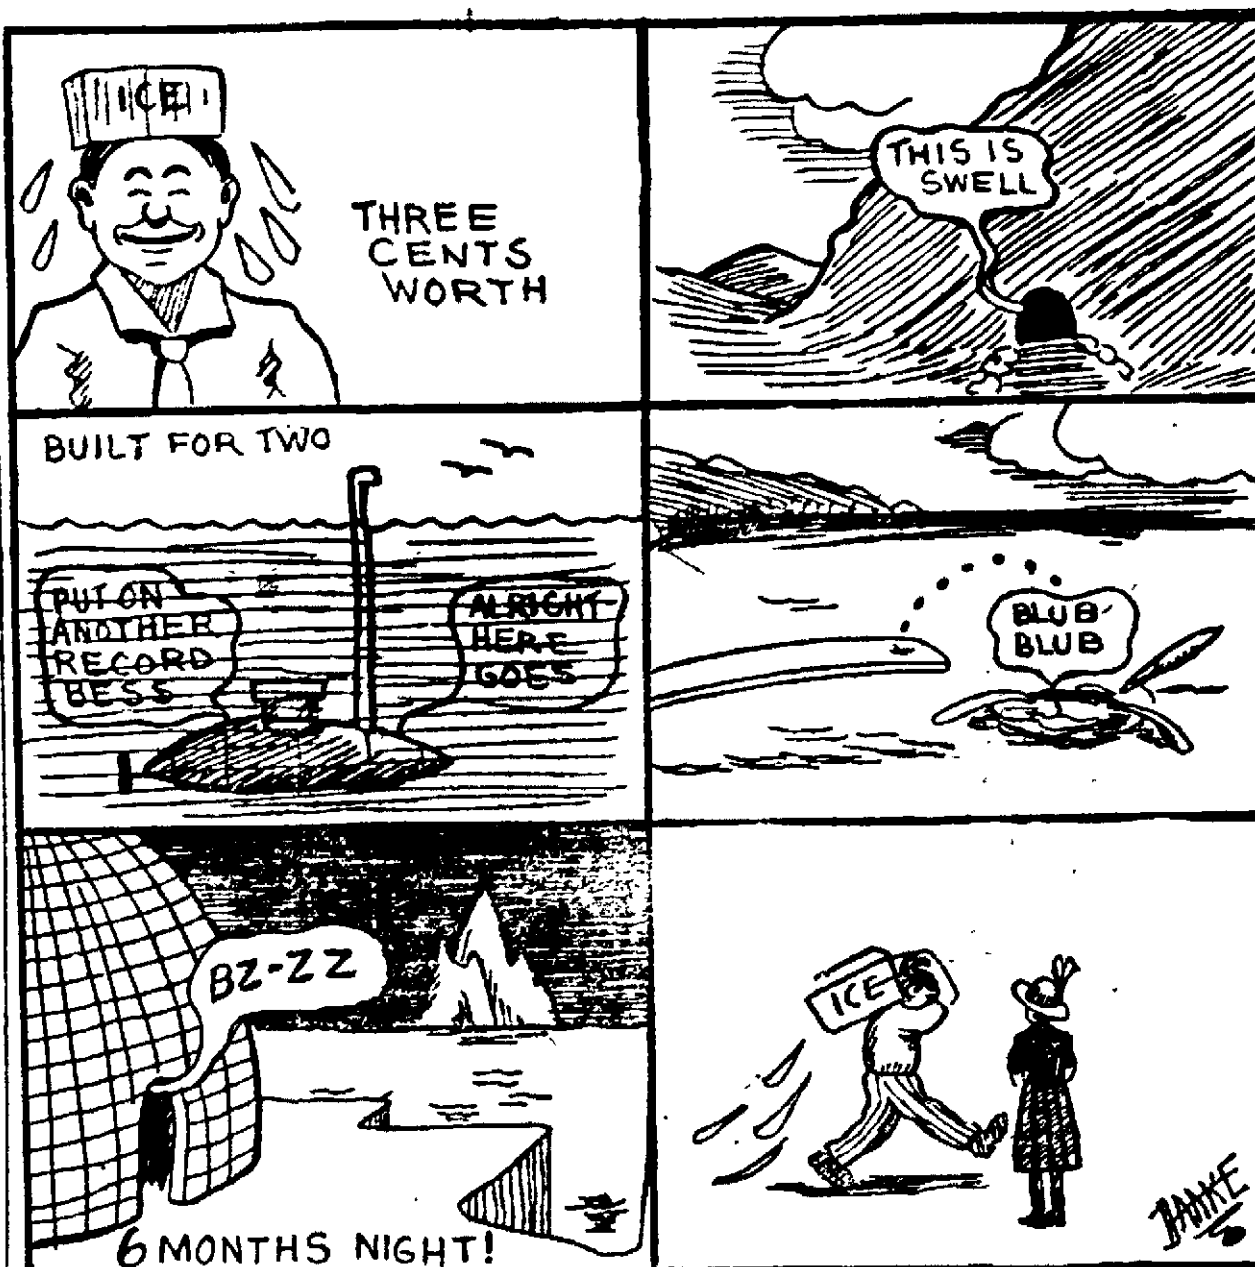

ADMIRAL VON TIRPITZ

PRINCE VON BUELOW.

Germany may see fit to renew a U-boat warfare in such a case it is not unlikely that Prince Von Buelow and Admiral Von Tirpitz would have their former power restored to them.

SOMETHING COOL

CHAUTAUQUA CITY SELECT OWN MAYOR

The Junior Chautauqua has organized for the week and will be in progress at Fawcett park. James Black was elected mayor of the little city which will be operated there.

Miss Margaret McIntosh is Junior superintendent and already the kiddies have fallen in love with her. She is so wonderful in her treatment of them. Miss McIntosh is stopping, while in Lima, at the home of L. H. Rogers on Lakewood avenue.

Elwood Chase, who is visiting at the Black home, Janet White and Lucile Townsend were elected commissioners. It is the purpose of Miss McIntosh to start municipal government with the children in charge. Self-government will be the object which will be taught and practiced by the children. They meet every forenoon at 9:30 o'clock, except Sunday.

The afternoon sessions of the Chautauqua, which convene at 2:30 o'clock, and the evening sessions at 8, are not for children. A big pageant, in which all the children attending will take part, will be held on the closing day of the Chautauqua next Wednesday.

WILL ELECT STATE FAIR BOYS SATURDAY

Boys who wish to represent Allen county at the State Fair this year and whose expenses will be paid by the Ohio state board of agriculture, should be on hand early tomorrow morning, when, at the court, votes will be cast for the boys who wish to do the county honor.

Representatives of the agricultural society, those who have made possible trips of the corn boys and representatives of newspapers which have aided contests, are eligible to vote.

The choice will be made at 10 o'clock in the assembly room in the basement of the court house. Two boys will be chosen from this county.

BLUE LICK UNITED BRETHREN.

Bible school at 9:30. C. E. Mason superintendent. Graded lessons for beginners, juniors and intermediates. Classes for all. At 10:30 the pastor will report the state C. E. convention at Springfield, O. A special invitation to all C. E.'s. Everyone welcome. G. W. Lilly, pastor.

WATER WORKS NOTICE

Office will be open Saturday July 15, 8 A. M. to 5 P. M. and 7 to 8:30 P. M. on Friday July 21st. Service will be shut off whenever Water Rent has not been paid. LIMA WATER WORKS

PERFUME THIEF ARRESTED TODAY

Police Have Little Trouble Arresting Man Charged With Drunkenness.

The scent of perfume caused the arrest of William J. Kennedy, this morning, shortly after he had surreptitiously picked up several bottles of "ladies' delight" from one of the counters of the Woolworth five and ten cent store. He was registered at the police station on a charge of drunkenness.

A young lady employed in the store noticed the peculiar actions of Kennedy as he passed her department in the store. She summoned the manager, who after trailing him a short time saw him pick up a bottle of the liquid. Plainclothesman Reed answered the call received from the store. His well trained nose soon led him to the guilty party, who in his flight had spilled some of the fluid on his clothes, which could be smelled a block away.

THE IDLER

A lamp explosion at the home of Frank Clay, 1224 East High street, caused the central fire ladders to make a run last night at 12 o'clock. No damage was done. Clay is the engineer at the central station.

E. B. Peck of Indianapolis, vice president of the T. H. I. & E. traction line passed through Lima yesterday morning on his way to Toledo. Between trains he was visited by F. D. Carpenter, general manager of the Western Ohio.

Miss Zelda Sears, who has been at the home of her sister, Mrs. G. F. Ogilvie, of East Market street, will return to her home in Spencerville tomorrow evening. The early part of her six weeks' stay in this city she was subjected to an operation.

The Rev. Mr. Zaugg, missionary in Sendai, Japan, will deliver this morning sermon Sunday at Calvary Reformed church. He will tell of his labors in the far east.

Calvin Wilhelm, son of Mr. and Mrs. Joseph Wilhelm of 339 South West street, was removed from the city hospital to his home yesterday afternoon, in the Eckert invalid coach.

Mrs. Albert Kaskel of Spencerville, who has been at the city hospital, for the past three weeks, where she was subjected to an operation, has recovered sufficiently to be removed to her home.

PERSONALS.

F. D. Carpenter left this morning for Wapakoneta and St. Marys on business.

Ben Haverbeck of Cincinnati, formerly one of Lima's leading jewelers, is a guest at the Waldo hotel.

Sergeant Emmett Jackson, of Company C, returned from mobilization at Columbus, for a brief stay.

WILL PROBATED.

The will of Robert Campbell, late of 132 East Grand avenue, was probated in court today. The entire estate is left to the wife, Mrs. Della Campbell, and at her death, to the son, Leon J. Campbell.

INSANE TEAMSTER TAKEN TO TOLEDO

John M. Bowers, 52 years of age, farmer and teamster residing in German township, was today adjudged insane in the court of Probate Judge F. C. Becker. He had suffered two attacks and was released from the Toledo state hospital in 1915 on probation.

Contracts were filed with the application for admission to the state hospital, showing how he had had typewritten copies made, whereby he was to receive fabulous sums for playing the violin in carnival shows and before base ball clubs. He has a wife and two sons, residing on Rural Route No. 7.

Deputy Sheriff Albert Eley and Court Bailiff John C. Wilson took Bowers and W. B. Wheeler, adjudged insane some time ago, to the hospital at Toledo today.

An affidavit in lunacy against Anna Snyder was filed today by her husband, A. B. Snyder. They reside in the rear of 313 North Jackson street. The case will be for hearing on Saturday morning at 9 o'clock.

DIVORCE GRANTED; NEW CASE FILED

William R. Clevenger was this afternoon granted a divorce from Lenore Clevenger. They were married in 1913 and have no children. Judge John P. Bailey, of Ottawa, granted the decree.

Mrs. Ethel Kate Weaver has filed suit for divorce from Mert Roscoe Weaver, to whom she was married on August 15, 1904. They have two children, Kent Joseph, 7 years old, and Eugene, 3 years of age. Habitual drunkenness for more than three years, that he pointed a gun at her and threatened to shoot and kill her, struck and beat her are charges made. She asks for the care and custody of the children.

PAY YOUR TELEPHONE BILLS ON OR BEFORE THE 15TH AND SAVE THE DISCOUNT. 7-11-51

STREET SERMONS TOMORROW NIGHT

Services will be held on the Public Square tomorrow evening at 7:30 o'clock, when the Rev. M. C. Hovey, pastor of Epworth Methodist church, will deliver the sermon. It was the Rev. Mr. Hovey who gave the sermon last Saturday evening, and who was greeted with such a large company of listeners and perfect attention.

The Sunday evening services will be held on the Public Square at 7:30 o'clock. The Rev. A. B. Houze, pastor of the Central Church of Christ and secretary of the Pastors' union, will have a stirring message. The music will be furnished by singers from the Church of Christ.

Passers-by are requested to stop a minute, listen to this gospel message and take a part in the services, if desired. All church people are urged to attend the meetings and lend their aid.

SIX FEINERS RIOT.

CORK, Ireland, July 14.—Rioting six Feiners wrecked the recruiting office here today and attacked military pickets in the streets. A mob of several hundred marched through the city singing revolutionary songs. They were dispersed by troops.

BURGLARS ENTER WHITE DWELLING

Twenty-eight Dollars Stolen Along With Check and Other Articles.

Police were informed this morning of the robbery of the home of A. G. White, of 446 South Pine street, last night. The thief or thieves obtained \$28 in currency, a small amount of silver, street car tickets and postage stamps. A check calling for \$15 was also missing.

Members of the household were unable to say as to the manner in which entrance to the home was gained, but are of the opinion that it was accomplished with the use of a pass key. The check was drawn by William Hitecock, payable to Dora White on the Columbus Grove Exchange bank.

MINISTER ORDAINED IN CHURCH OF CHRIST

The Rev. O. W. Hankins, graduate of the Ohio Northern university, at Ada, was ordained to the ministry of the Church of Christ, at a meeting, held last evening at the Church of Christ in Ada. The Rev. A. B. Houze, pastor of the Central Church of Christ of Lima, conducted the ordination exercises. The Rev. Mr. Houze, and Mrs. Houze motored to Ada last evening, for the services. The Rev. Mr. Houze and the Rev. Mr. Hankins were well acquainted while the former lived in Indiana and filled a pastorate there. The Rev. F. G. Bennett of the Church of Christ at Ada, assisted in the ordination.

The Rev. Mr. Hankins will go to school at the Ohio State university at Columbus this fall and when he has completed his work there, hopes to become chaplain in the United States army.

TELEGRAPH TIPS

AUGUSTA, Ga.—Meager dispatches from Charleston today report that two men were killed and extensive damage done there by the hurricane of last night and that the entire water front had been inundated. The wind was still high.

TOLEDO — Harry Harper, chauffeur of Bowling Green, ran his automobile, carrying two girls, into a train at the terminal crossing, this morning. The two girls are probably fatally hurt. They are Esther Pardee, 19, of Scott Ridge, and Loretta Honeycutt, 23, of Bowling Green. Harper suffered injuries about the head and face. The party left Bowling Green where, the girls are employed in a hotel, about 3 o'clock. Harper says he did not see the train until he collided with it. Trainmen say the machine was being driven about 35 miles an hour.

BELLEFONTAINE — While playing in a hay-field today Clarice Graves, three year old daughter of Mr. and Mrs. Fred Graves of Spring Hill, had both legs cut off by a moving machine. She died soon afterward.

DETROIT—Though cut into two pieces by the wheels of a freight train, Carl Dolly, 21, was alive at a late hour today. He was struck at 8 a. m., when he threw himself under the train and his body was severed just below the waist line. He says he did it because he was worried, but refused to say what caused the worry. Recovery is impossible.

PHILADELPHIA—Five more deaths in this city from the heat were reported today, making a total of 20 deaths directly due to the heat wave since July 3.

U. S. OFFICE TO RECRUIT MILITIA

Regular Army Also Needs Pharmacists and Good Cooks.

The surgeon general of the regular army, has advised the officers of the Lima recruiting office, that the medical department is greatly in need of recruits, who are pharmacists or who have knowledge of cooking. Men so qualified will be enlisted as privates, but provisions will be made whereby pharmacists will be promoted to the grade of sergeant when qualified, and men possessing a knowledge of cooking may, when they have satisfactorily demonstrated their ability, be appointed as cooks.

Any men desiring assignment to the Ohio national guard, can and will be accepted for the same by the local office on the Public Square.

British Pierce German Second Line Trenches on a Four Mile Front

(Continued from page one)
able to withstand the sledge-hammer assaults of General Haig's men. Fighting of the most furious character marked the conflict to the northeast of Mametz wood, where the Germans tried to stem the British with curtains of artillery fire and counter attacks. It was at this point that the British lines approached most closely to the important road running through Combles in a northerly direction and bisecting both the Bray-Sapaume highways. The breaking down of the second system of German defenses over such a wide front is one of the severest blows the British have struck since the offensive was opened. News of the British success created a profound impression here.

BRITISH FRONT IN FRANCE, July 14.—After their methodical day-by-day approaches within striking distance of the second line of German defenses, and bringing up material and guns, the British were ready for another big attack at 3:30 o'clock this morning and infantry assaults seem to assume the taking of the Villages of Longueval and Bazentin-Le-Grand, the retaking of Trones woods and a gain of ground around Contalmaison and the piercing of the line at every point of attack.

The correspondent who had been watching the artillery preparation through the night was able to see as dawn came that the British were in possession of a coveted ridge where German shells were bursting in an effort by the German gunners to stay the attack from proceeding any further.

Accounts received at an early hour indicate that the German resistance was much weaker than at the first line and the struggle is continuing at Bazentin-Le-Petit woods where the Germans still hold out and in the woods beyond Longueval.

SALONIKI, July 14.—Today's office report issued at the allies' headquarters chronicles some small engagements in the Maydag zone, but states that there was only a cannonade on the rest of the front.

Greek troops started a riot this morning when refused transportation to Kavala over the railroad controlled by the Anglo-French army. Five hundred men belonging to the sixth division stormed a train at the station. They were fired upon by the pickets on duty there and dispersed.

CZAR HOLDS COUNCIL

Russian Cabinet Sailed to Front for Conference.

PETROGRAD, July 14.—Interest in the progress of the victorious Russian armies was divided here today with that directed toward the conference of the council of ministers and Czar Nicholas at Imperial Field Headquarters.

This is the second time that the cabinet has been called to the front to confer with the czar since the war began and it is recognized that only matters of the utmost urgency would lead to such a step.

The steady improvement in domestic affairs makes it evident that the conference relates to the conduct of the war and there were even reports that the government is preparing to receive peace overtures from exhausted Austria-Hungary.

The two batties that developed along the Stokhod river in Volhynia, where the Germans are fighting to save Kovel and along the lower Strypa in Galicia, where the Austro-German armies are trying to check the advance on Lemberg, continue with great stubbornness. Intense artillery duels are reported from the Dvina front.

SOLDIERS' FAMILIES - AIDED BY CHARITY

Five families, who have been left destitute by the mobilization of Company C, have appealed to Mayor Simpson for aid. As the city has no fund to provide for the dependents of guardsmen, Mrs. Phillips of the charities and relief committee, Chamber of Commerce, has promised aid. All the young mothers have children, who will be cared for at the Day Nursery until the fathers return.

MRS. BAKER'S FUNERAL.

Friends from Harrod and many miles around attended funeral services, held this afternoon at 1:30 o'clock at the Christian church in Harrod, over the body of Mrs. Annis Baker, wife of L. P. Baker, postmaster at Harrod. Mrs. Baker died at the City hospital in Lima on Wednesday forenoon. Previous to her marriage, she taught in the rural schools of Allen county. The body was laid to rest in the cemetery at Harrod.

Stomach Troubles.

Mrs. A. Tounant, Wapakoneta, N. Y., says, "Chamberlain's Colic, Cholera and Stomach Remedy" is the best remedy for stomach troubles and colic." Mrs. Tounant speaks from experience. Obtainable everywhere.

KILLED BY LIGHTNING.

TIFFIN, O., July 14.—Rufus Kimes, 30, Gettysburg farmer, was struck by lightning and killed today.

SOME REMARKABLE TRIPS HAVE BEEN MADE BY HORSES

Thornhill Used 19 Mounts in His Famous Ride in 1745.

History Shows Hardy Animals of Frontier Scouts Traveled Far.

Dick Turpin's famous ride to York on his brown mare Bess was, as a matter of fact, an impossibility, it having been claimed that he rode from Gadsdill, a distance of nearly 100 miles, in less than four hours. At any rate, his presence in York at 7:45 o'clock cleared him from the charge of robbing a sailor in Gadsdill at 4 o'clock the same morning, according to the St. Louis Globe-Democrat.

Cooper Thornhill's ride to and fro between Siltou and London on April 29, 1745, however, was actually performed. He rode 213 miles in 11 hours, 33 minutes and 46 seconds; but he bestrode 19 horses in doing it. This was an average of 19 miles an hour.

Mr. George Osbaldeston, in 1831, on a wager of 1000 pounds that he would ride 200 miles in 10 hours, accomplished this distance in 10 minutes over seven hours. He had ridden 28 horses and was allowed one hour, 32 minutes and 56 seconds for changes, while he had kept round and round the circular four-mile course on Newmarket Heath. He rode over 28 miles an hour.

Rode 580 Miles in 10 Days. Captain Selvi, of the Italian cavalry, performed the exploit of riding 580 miles in 10 days. As the Italian miles are shorter than ours, he traveled 5 1/2 miles per day, even then no slight feat.

Passing over the famous flights of old-time heroes, whose mythical accounts read well in story, but do not bear the light of investigation, we find that the most remarkable rides have been performed on our frontier by the scouts and plainmen, whose hardy horses enabled them to accomplish as a matter of course such tests as Captain Brownson's journey of 400 miles through an Indian country on the same steed in six days, with no feed other than the scanty herbage that grew in a mountainous region.

Fremont's extraordinary ride from Los Angeles, to Monterey, Cal., and back again, in March, 1847, has become a matter of history. Accompanied by two companions and with six lead horses to take their turns under the saddle, the great explorer set out on his tremendous journey over a mountainous country, with no road but a trace of stock trail, at a sweeping gallop, to pass over 125 miles the first day, 15 of them along the maritime defile of El Rin-

Progressives on Republican Campaign Committee

The recently organized republican campaign committee to further the presidential campaign of the G. O. P. nominee contains many prominent progressives in its personnel. The Moose is represented by George W. Perkins and Oscar Straus of New York, Chester Howell of California, Everett Colby of New Jersey, James R. Garfield of Ohio, and Harold L. Ickes of Illinois.

The remaining members of the committee follow: John T. Adams, Iowa, F. W. Estabrook, New Hampshire, James A. Hemenway, Indiana, A. T. Hert, Kentucky, R. B. Howell, Nebraska, S. A. Perkins, Washington, Charles B. Warren, Michigan, and Ralph E. Williams, Oregon. James B. Reynolds, secretary of the national committee, will be secretary.

con, where a spur of the mountain putting out into the sea, compelled them to ride at ebb tide, and even then for a long distance through water.

As often as the horses showed signs of fatigue the saddle was shifted to one of the lead animals, and the journey continued almost without a break.

Put to Severe Test. On their return from Monterey a cinnamon-colored horse, ridden by Fremont himself, was put to a severe test.

After carrying his rider 10 leagues one evening, the next day he bore him 90 consecutive miles without the least show of weariness.

In fact, upon his freedom from the saddle of corrallo (the cinnamon) led his equine companions into San Luis at a flying gallop, his nostrils distended, and neighing with evident delight at his return to his native pastures.

This wonderful journey of 800 miles was performed in eight days, counting two days' stop while en route.

It is but proper that we should admit, however, that the Spanish mile is shorter by 146 2-3 yards than our American mile, which would make a difference of about 30 miles on the whole distance.

Rankin's Record Ride. Rankin, the scout, at the time of the Meeker massacre, hastening with all speed possible to Rawlins for reinforcements to relieve the distressed garrison under Major Thornburg, rode 160 miles from

WILL INSPECT WORK IN JUVENILE GARDENS

Women of the Civic league will make their first inspection of the children's gardens beginning next Monday.

More than a hundred children in the city have been encouraged in amateur gardening by the special committee of the organization.

The city is divided into districts, the wards forming the units and one

woman in each district is to inspect the results of juvenile efforts with rake and hoe. The district inspectors are to report to Mrs. George Wall, head of the garden committee, who will make a second inspection of the ten best plots in each ward. Mrs. A. Bowler, First ward, Mrs. Shepard, Second Mrs. Ed Blank, Third, Mrs. Howard Pears Fourth, Mrs. W. W. Constain, Fifth, and Mrs. Otto Rose, Sixth, are the inspectors.

Two inspections will be made during the summer, the second falling in the first week of August.

Anything wanted? Find it in the Times-Democrat want column.

MRS. HARTMAN'S FUNERAL TO BE HELD TOMORROW

Funeral services for Mrs. Laura E. Hartman, wife of Charles Hartman, of 406 North West street, will be held Saturday morning at 10 o'clock at the West Point church in Jackson township. The Rev. G. W. Lilly, pastor of the High Street United Brethren church, will conduct the services. Burial will be in the cemetery, near the church.

Mrs. Hartman died early yesterday afternoon at the City hospital.

"POP" GEERS SUFFERS

CLEVELAND, O. July 14.—24. F. "Pop" Geers, dean of the Grand circuit drivers, who was injured yesterday when he crashed into a harrow while scoring with Guy Nella, was suffering much pain today at Lakeside hospital but insisted that he would be well in time to participate in the opening races of the big line next week at the North Randall track. Geers was struck three or four times by the hoofs of Zombro Clay, the horse under which he fell after being tossed from his sulky.

The Deisel Co.

midnight to midnight
To perform this 24 hours' perilous journey he rode four horses, two of them to their death.
Kit Carson in his checkered career, made several remarkable rides, of which none were more terrible than his flight on the burning prairie with two companions, both of whom fell by the way. The poet Miller has made this the theme of one of his most stirring poems.

INSURANCE COMPANY SETTLES.

The action of Mrs. Anna M. Lee, widow of the late John R. Lee, against the Hartford Accident and Insurance company, has been settled out of court. Mrs. Lee sued to collect the \$7,500 life insurance due upon the death of her husband. The company had refused to pay the same, she said.

MONTANA SENATOR BEING CONSIDERED FOR UNITED STATES SUPREME BENCH.

WASHINGTON, July 14.—President Wilson has under consideration the appointment of Senator Walsh, of Montana, for associate justice of the supreme court to succeed Charles E. Hughes.
This became known when it was stated by one of the president's political advisers that Senator Walsh had been tentatively selected for membership on the democratic national executive committee, but that Chairman McCormick probably would choose another.
Senator Walsh is recognized as one of the ablest democratic lawyers in the senate. He is a native of Missouri, having moved to Montana in 1893. He has served as prosecuting attorney, district judge, and in 1911 was elected senator to succeed Thomas H. Carter, republican.

Preparedness :: Peace :: Prosperity

For President
WOODROW WILSON
of New Jersey

For Vice President
THOMAS E. MARSHALL
of Indiana

ANOTHER LESSON

There are many things which the thoughtful observer may find in the arrival of the German merchant submarine "Deutschland" which offer food for reflection. The remarkable feat of Captain Koenig and his men has shattered the belief that the Atlantic is a broad body of water, and as a result we are now in such a state of mind as to be ready to believe almost anything. But of all the lessons to be drawn from the achievement of the submersible the gravest is that affecting preparedness.

The anti-preparedness crank, feeling himself secure because his ignorance prevented his seeing danger, has been fighting the defense program with a speech something like this: "Our isolation is our greatest bulwark. The intervention of 3000 miles of water between us and Europe is a special dispensation of Providence. No one can attack us. It is too far to come. We are safe. Why spend money which rightfully belongs to the fund for erecting marble post-figures to beautify luck towns?"

In the middle of the argument there appears a periscope off the mouth of a bay. Seeing no destroyers within sight the U-boat emerges, runs awash, swings a deck gun into position and poms three-inch shells into the anti-preparedness advocates. The vision of security can be demolished in a second.

Imagination abandoned for realism the sermon of the news of the last week is apparent. Last Sunday a German submarine arrived at Baltimore after a successful trip across the Atlantic. Monday the British lost a merchantman sunk by a submarine in the North Sea. Tuesday an Austrian submarine destroyed a French liner in the Mediterranean. Thursday we heard of the bombardment of an English coast town by a submarine. What went the U-boats do?

At any rate they can do plenty of damage and the fact that they now cross the Atlantic should silence all pacifists engaged in preventing the passage of the congressional preparedness program.

HARRY IS WROTH

Harry R. Probasco entered the Republican senatorial race shortly before the entries closed. He has five opponents, one of whom, his fellow townsman Judge D. D. Woodmire, has since withdrawn. Seeing the cards stacked for a pull from the lower side of the deck with a slight hand in hand, and the bank "busted" politically, the Hamilton county attorney tried yesterday to withdraw his name from the ballot. Secretary of State Charles Q. Hildbrand refused to allow this as the time limit has expired. His statement giving his reasons, contains the following paraphrase:

If by any chance I were to be nominated the anomaly would be presented of the Republican candidate for senator not only refusing to vote for the Republican candidate for governor, but actively opposing his election.

Unfortunately for the state, Willis was elected, and began his administration, which in no respect has equaled in wisdom, dignity or efficiency the administration of his predecessor. Of course, the "bread-and-butter" acrophants of Willis, in snug comfort, see hailing in his bulky shadow and twitter-

ing hosannas to his name; elsewhere among the Republicans there is little more than lip service. The masses of the people, no matter what their political predilections, have tired of the littleness of this administration and are yearning for a return of the state to a state of dignity.

Such a candidate I cannot without justification follow, or with self-respect seek a place on a ticket headed by him.

With Matt Glaser seeking vengeance for the way in which the skills were applied to him in the April primary, with Rudolph A. Mack seeking the gubernatorial nomination as a protest against the two-faced Zeb Campbell deal on the liquor issue in 1914, and with Probasco handing out this class of tobacco, what majority will Hamilton give the Democratic nominee on November 7?

THE FAT FRYERS

Have you noticed the selections made by the Republican national committee with regard to the treasurer and his assistant? They are significant.

Cornelius A. Bliss, Jr., is the chief corporation-mulker. He is the son of the late Wall Street capitalist who held the position in 1904 and who accepted the Standard Oil's \$100,000 contribution to the election of the "trustable" Roosevelt. The latter's virtuous pretense of independence was later exposed by the discovery of the practical men's letter to Harriman.

The assistant is Frederick W. Upham of Chicago, an old crony of William Lorimer, who was expelled in disgrace from the United States senate for buying his seat. Fredrick is an experienced hand at the game of leg-pulling.

Bliss and Upham between them, will make an admirable pair when it comes to selling ambassadorships, promising immunity to criminal trust magnates, pledging cabinet offices and granting special privileges to various "malcontents" of great wealth. Is the hero of Armageddon used to call them. What is the blackmail tactics mingle with the hypocritical protests of righteousness. This is going to be interesting.

The sharks are killing bathers in New Jersey waters. Maybe this is a scheme adopted by some of the smaller beach resorts to get free advertising and cut out Atlantic City and Asbury Park.

There are many kinds of confidantes in pursuit of various offices, but there are always some who forget that the man who throws mud at an opponent gets his own cloth on dirty.

It is very candidate for office believes all the still he hands out about himself there are some creditous persons in the political group.

Warm weather has its advantages—ice is cheaper than coal and isn't nearly so dirty to handle.

An optimist is a man who likes to see July roll around because it brings October all the nearer.

GOOD EVENING. Hay fever patients affected by the prevalence of weeds may be able to impress Al Motheany in a way no other have thus far.

NEW MOVIE LAND

HARRY S. HILLIARD, the star with the new film discovery, Little June Caprice, in "Caprice of the Mountains" runs to prominence in William Fox feature films through his work as male star with Vivian Martin. They play together in "Merel, Mary Ann," a dramatization of Israel Zangwill's novel, and later in "A Modern Romeo," a charming Scandinavian romance filmed in the mountains in Georgia. He bears the title of "the handsome man in the movies," and aside from his masculine beauty he is a young actor of much dramatic talent.

Plays Minor Role to Win Sympathy.

Because she thinks that nobody loves her on the screen, Pauline Frederick, has decided that she would rather play the less important role of the self-sacrificing wife in the famous Players edition of "The Woman in the Case," than a minor title character, who is a dropped villainess. When this picture goes out on the Paramount program people are going to see her in the guise of sympathy and devoted wife, says Miss Frederick. "I have not given up playing heavy characters, but simply want the sympathy of the audience to be with me for a change—I can win it."

Actor Would Have Made a Prize Pug.

No man likes to be kept over but that is usually what happens when De Will van Court, noted boxing instructor and former trainer of champions, meets Herschel Mayall, who acts before the camera for the Fox company. Van Court shakes his head and his eyes become moist when he looks upon the person of Mr. Mayall, for he considers that when the latter took to the theatrical profession the prize ring lost a master workman. It is told that after recovering somewhat during a friendly sparring match Van Court went on his knees to the actor,

Harry Hilliard. He is a native of Cincinnati, where he was educated in of German-American descent, and as successful on the Broadway stage before he entered moving pictures last year.

pleading with him to become a pugilist. Both of the principals, however, deny the rumor.

Miss June Caprice was complimented on her pretty curly hair by one of the gallant sirs appearing with her in the new film play, "Caprice of the Mountains."

"Yes," she said, "I'm fond of curling and styling."

"What's that got to do with it?"

"Well, you see," she explained, "I'm on the water so much my hair gets wavy."

But even that has not diminished the popularity of the charming Miss Caprice.

ANNOUNCEMENTS

For Judge of the Court of Appeals (Short Term)

We are authorized to announce BENJAMIN NECK, of Bucyrus, as a candidate for the nomination for the office of Judge of the Court of Appeals, at the primary election Tuesday, August 8, 1916.

The name of I. F. CUPT is announced as a candidate for the office of County Surveyor, subject to the decision of the democratic primary, August 8. Member Ohio Engineering Society, member Northwestern Ohio County Surveyors' association. Years of experience in Draining, Engineering, Bridge and Road Building.

Words of Praise For Chamberlain's Cough Remedy.

"Last winter I used two bottles of Chamberlain's Cough Remedy," writes Mrs. John Miller, Rome, Ind. "It cured me of a severe cold on the lungs and an aggravating cough. I have recommended this remedy to a great many people who have used it and have nothing but words of praise for it. Obtainable everywhere."

HEALTH HINTS

Parents' Efforts Greatly Needed in Plague Fight

A wave of child paralysis is sweeping New York, claiming babies' lives by the score. The disease is a mystery even to medical experts. They have known of it since 1840.

Medical men urge parents to resort to heroic measures to prevent children from becoming afflicted with the disease, which proves fatal in nine of ten cases.

In fighting this plague the efforts of the average mother and father are just as important and just as needed as are those of the physicians.

Is a Summer Danger.

The disease generally breaks out in warm weather—it is another one of the summer dangers that beset

Many physicians conclude that it is spread, by insects. Some blame the stable fly.

Parents should strive to prevent infantile paralysis by carefully screening houses and working to do away with the breeding places of these flies—neglected fifth flies.

Other scientists put the blame for the disease on dirty milk. Nowadays it is a comparatively simple matter to make sure that your milk supply is pure.

Medical men know that the disease is spread by the contact of an ill child with well children.

Isolate Sufferers.

Parents should isolate children who are suffering from running noses or "snuffles." Infected nasal discharges cause much of the disease.

Every householder can do much to keep down epidemics of this disease by simply taking a few precautions—cleaning up fifth, keeping

down flies and applying a few daily habits of hygiene.

In Toledo and other cities, persons from New York are being examined at railroad stations to prevent spread of the disease.

Physicians who have made a thorough study of the disease have described the symptoms and issued instructions to mothers in order to prevent a spread to other sections of the country.

FRIDAY, JULY 14.

WEATHER — Partly cloudy tonight and Saturday.

SPECIALIZING IN ONE THING

"**T**O learn to do one thing and do it well," is a secret many women are learning in these days of new trades and vocations for wage-earning women. The tendency of the period is toward specialization, and many hard-working women meet with difficulties because they attempt too much or try to cover too much ground, according to a Monitor writer. Little shops where only one article is sold are growing more and more frequent, especially in New York City, where tiny "cracks in the wall," a door and a window in width, are devoted to the sale of that specialty.

One of the single-item shops recently opened is a Charlotte Russell shop. Nothing but home-made specialties are sold within, and their popularity is attested by the steady line of customers who go in, eat a Charlotte, and go away again, sometimes carrying a box of the dainties to take home, sometimes not. Orange-ade stands are growing frequent, as this cool, simple drink appeals to many who do not care for stronger beverages. In Chicago there was at one time, and still may be, a chocolate shop—a little brown nook where only chocolate confections were sold. There was a chocolate service at lunch time, hot chocolate with whipped cream, sandwiches and a bit of chocolate cake. Chocolate candies and cakes, chocolate sodas and ice creams, sweet and bitter chocolate bars, and all the varied forms that chocolate lovers know, were there.

Here and there throughout the United States are specialty cake shops. Not only specializing in cake, but in certain kinds of cake, is the idea adopted in most cases by the women back of them. Lady Baltimore, Creole cake, fruit cakes, black chocolate and angel cakes, are listed on the swinging signs outside. Such extras as cookies, lady fingers, macaroons and other home-made small cakes may be added, but in general two or three kinds of large cake are the chief stock in trade.

Women who make pickles and preserves often build up success on one specialty. The originator of the pin-money pickles, a fortune, established her great business on one brand and one only. To become known for some particular article, in the making of which one excels, is a pretty sure road to a prosperous vocation. The "Box Shop" in New York, which deals exclusively in buying empty boxes, and selling them attractively decorated, is apt to do a larger business than if boxes were merely one of many articles handled.

The women who can do one thing, then, and do it superlatively well, should concentrate all her effort upon her specialty, increase her output and her field of operations, advertise simply but effectively, and make the most of her individual achievement.

TIPS FROM TEXAS.

(Dallas News)

As a rule, every married man has one circumstance over which he has no control.

Our observation is that a woman thinks as much about her figure as a man does about his dinner.

Of course, it has long been a mystery as to where Cain got his wife, but our guess is that he married his stenographer.

Of course, the high waistline is a nobby style for men, but we don't crave a frock coat that runs all to tails.

Social Notes

MARIE N. NAGLE

But a lot of life ain't what we'd rather. It's what is. And my grandmother always told me there wasn't nothin' in life what showed the stock you come from as the way you took what come to you.

—Kate Langley Bosher.

DISCUSSING dress, the delegates to the convention of the Lakeside Federation of Women's clubs today made it plain that they are unalterably opposed to present day fashions. This year's skirts were described as "disgustingly short" and the waists as "feathishly low at the neck." Wide stripes, it was further said, "make the wearer look ridiculous."

Women generally may not get the vote but they will exercise a greater influence over future events than they ever have in the past because they are taking more interest in the affairs of their communities through the activity of the woman's club. This was the statement made by Prof. H. A. Miller of Oberlin, whose address on "Woman's Job in the Coming Civilization," was the feature of the final session of the convention.

The federation elected Mrs. Bert Davis of Genoa, president; Miss Beale Kelly of Milan, vice president; Mrs. Carl Wangerlin of Cleveland, secretary; Mrs. O. C. McKee of Oberlin, treasurer, and Mrs. Scott Stahl, of Port Clinton, auditor.

Miss Blanche Finley left the early part of this week for Chicago, where she will take up the study of voice with Dr. Clippenger.

Mrs. Oliver Earnest entertained the members of the Homeacre Stitches club yesterday afternoon. A unique feature of the afternoon was a clothes pin contest in which all members participated and also Miss Margaret Warnament of Tiffin, who was the guest of Mrs. James Meeker. A delicious lunch was served at the conclusion of the meeting. Plans were made to hold the next meeting of the club in two weeks at the city park.

Mrs. J. E. Sullivan and Mrs. R. W. Thrift will play in the final golf match for the Gilpin cup. Both are excellent players, Mrs. Thrift being a scratch player.

A traveling case was offered yesterday by Mrs. Thrift, and from the sixteen women who entered the match, those who have the right now to continue are Mrs. Dwight Goodyear, Mrs. John M. Boose, Mrs. Harry Moulton, Mrs. E. B. Mitchell, Mrs. T. D. McLaughlin, Miss Gertrude Finley, rs. F. E. Baxter and Mrs. E. M. Gooding.

The list of those women who will go to Springfield next Friday has not yet been completed.

Members of the Clitta class of the St. Paul Lutheran church will give a lawn fete on the church lawn this evening.

Election of officers for the coming year of the Woman's Home Missionary society of the Grace M. E. church was again postponed on account of the absence of members. After delicious refreshments had been served a motion for adjournment was made until the next meeting which would be held in August.

Hyacinth club members were entertained yesterday afternoon at the home of Mrs. W. C. Arbuthnot. The afternoon was spent in the usual way, that of sewing, contests, and social chatter. At the conclusion of the meeting delicious refreshments were served, the hostess, assisted by Mrs. Earl Massey and Mrs. C. W. Walters. Mrs. J. E. Ireton was the only guest of the club.

Mrs. Charles Angell of West North street, was hostess yesterday of the ideal club which met at her home. This was the final meeting of the year and was one of social importance only. Sewing and contests were the diversions of the afternoon. Mrs. Emma Clevenger of Geneva, N. Y., who is the house guest of Mrs. Angell, was the only club guest. At the conclusion of the afternoon a delicious lunch was served by the hostess, who was assisted by her daughter, Miss Irma Angell.

Mr. and Mrs. William Dunn, of Syracuse, Neb., are the guests of Mrs. John and Mabel Murphy, of North Main street.

Mrs. Robert Black and sons, Richard and John, of Rankin, Ill., returned to their home yesterday after several weeks' visit in this city with relatives.

Miss Dorothy Davis and Mr. Don-

aid Davies, of Pittsburgh, are the guests of their aunt, Mrs. A. E. Traber.

Miss Elizabeth Bearnes, who has been the guest of Miss Mary Stolzenbach for the past month, returned to her home in Minneapolis, Minn., today.

Wednesday afternoon, July 12, occurred the wedding of Miss Mabel Sproul and Mr. Leonard Lichtenberg. Miss Sproul is the daughter of Mr. and Mrs. S. P. Sproul and was formerly a teacher in the Lima schools. Mr. Lichtenberg is a civil engineer from New York City.

The ceremony was performed at the home of the officiating minister, Rev. King, of the Olivet Presbyterian church, at 4:30 o'clock. The bride was becomingly attired in a dark blue silk crepe-de-chine traveling suit, a blouse of white chiffon and a black felt hat lined with white. Those who witnessed the ceremony were: Mr. and Mrs. Sproul, father and mother of the bride, and Edward Hanley.

Camille Saint-Saens, the French composer, while lately visiting Buenos Aires, was entertained at a club reception. At his request somebody played a few pieces of Argentine music, and in return, at the request of the company, the visitor sat at the piano and played "Omphale's Spinning Wheel" and other pieces of his. Notwithstanding the difference in reputation between the music of the hosts and that of the guest, there was nothing incongruous in the occasion. For the Frenchman, while surpassing men of moderate gifts, does so without making them look small. He has always been a capital musical guest on musical frontier of the Americas and elsewhere. It can be said of him, as of Mendelssohn, that if he is not one of the greatest composers of all time, he is still one of the rarest.

Mrs. Thomas Kendrick has as her guest her sister, Mrs. Harriet Summers, of Toronto, Can.

Mr. and Mrs. John Spear and children, formerly residents of this city, but living in Mexico the past years, are stopping at the Normal. Mrs. Spear was before her marriage Miss Anna Overmeyer.

SOME GOOD RECIPES.

Peach Pudding De Luxe.

Line a deep bowl with lady fingers which have been separated, laying the outside of the lady finger against the dish. Pour into the bowl a thin cornstarch pudding flavored with almond or vanilla; fill the bowl about a quarter full. When the cornstarch has settled, lay on top of it six halves of fresh peaches, fill the bowl with pudding, and lay on top of it the other halves of the peaches. Sprinkle with coconut, shredded, and spoonfuls of whipped cream.

Corn Pats.

To one pint of fresh grated corn, free from the liquor, add one egg, a little salt, a tablespoon each of sugar and melted butter, and sufficient flour so that the corn may be formed into little croquettes. Strap each croquette with two thin strips of bacon, place in a slightly greased pan, and bake for a half hour.

Fruit Conserve.

One quart of strawberries, gooseberries, currants and cherries; two orange and one pineapple put through the meat grinder; one dozen apricots, a half dozen peaches, and one dozen plums, sliced. Peel the peaches and apricots, hull the strawberries, stone the cherries, and pick the currants and gooseberries. Mix gently, weigh, and allow as many pounds of sugar as there are pounds of fruit. Cook slowly one hour.

Corn Custard.

To four beaten egg yolks add a cup of fresh grated corn, a cup and a half of milk, onion juice, salt, pepper and finally the egg whites beaten stiff. Turn into a buttered dish and steam in the oven by standing the dish in a basin of boiling water.

THE CONFUSED JUROR.

A Cleveland lawyer tells how, during a trial, one of the jurors suddenly rose from his seat and fled from the court room. He was, however, arrested in his flight before he had left the building, and brought back.

"I should like to know what you mean by such an action as this," said the judge. In a lenient tone, however, as he knew the man, an elderly German, to be a simple, straightforward person.

"Well, your honor, I will explain," said the juror. "Ven Mr. Jones finished mit his talking my mind was clear all through, but ven Mr. Smith begins his talking I get all mixed up again already, and I says to myself: I better leave at once, and stay away until he is done, because, your honor, to tell the truth, I didn't like de way der argument was going."

FALLS THROUGH FLOOR.

Gerald Steinmetz, 12, son of Mr. and Mrs. L. A. Steinmetz, 219 South Elizabeth street, escaped serious injuries yesterday afternoon, when he fell through the floor of the new Hawisher building which is being constructed on West Elm street. Dr. Oliver Steiner was called and it was found that the boy had received only a slightly sprained back.

WILL DEDICATE CHAPEL.

The Church of God will dedicate their new chapel on Center street, just east of St. Johns avenue, on Sunday. The Rev. B. E. Warren of Springfield, will conduct the services. Baptismal services will be held at McCullough's lake at 10:30 o'clock Sunday forenoon. The dedication services will be at 2:30 o'clock.

PERSONALITIES I HAVE MET

LESLIE CARTER.

Copyright 1916, by the McClure Newspaper Syndicate.

HOW WELL I remember, a great many years ago when we were children, of running pell-mell around the corner to see the passing of Mrs. Leslie Carter in her big, imported, yellow automobile, with its imposing liveried footman and chauffeur! To have a car like Mrs. Carter's became the height of my ambition, and although I admired her as an actress and ever dreamed of being as magnetic as she, that yellow car always stood out foremost in my mind, and I determined by hard work, years of study and concentrated ambition at last to be the proud possessor of a Leslie Carter automobile!

At one matinee performance, while she was starting in that famous vehicle "Madame Du Barry," I was smuggled into the theatre by one of the actresses playing a small role in the company. Even though I had been on the stage for several years, it was always a thrilling moment when I was allowed to slide in back of the properties and hide myself behind a wall of scenery to watch the entrance of a star. Once I had caught sight of her leaving her dressing room, I would scramble to a position where I could see the stage and the scenes enacted there.

At this particular matinee, an unfortunate but amusing incident occurred. It was during the scene where Madame Du Barry's wounded lover crashed through the windows of her boudoir and was hidden by the terrified courtesan in her own magnificent, four-poster bed, when a knock on the door warned her that

Somehow or other, the lover's great, shining boots became entangled in the satin sheets and dragged her to the floor, and though he tried frantically to withdraw them so they would be hidden from sight, the more he struggled the more of him was visible.

At first Mrs. Carter, delivering her great lines, did not notice this mishap, until the giggles of the audience brought her forcibly to the realization that something humorous had happened. Twice the king was given his cues for entrance, but, standing outside, he was warned by the property men that something had gone wrong on the stage and he had better delay his entrance until it was adjusted.

Mrs. Carter, never losing her pose, saw at a glance what had happened and subtly tried to throw a piece of tapestry over the bed to hide the actor, but in her haste she misjudged the distance, and as the king entered the tapestry fell to the floor and behold! the boots!

By this time the audience was quite uncontrollable, especially when it came to the lines where the suspicious king accused his mistress of having secreted some one in the room and she, with inspirational and wonderful words of cajolery, assured him he was mistaken.

From where I was standing in the wings, I could see the pupils of Mrs. Carter's eyes dilating and knew by her trembling lips she was determined to control this audience and

save her scene. Lines which had never been written in the play she delivered in that marvelous voice of hers, with such force and such eloquence that the laughter died into sobs, and the sobs faded into wonderment which burst into mad applause when the curtain was finally rung down.

Few actresses have the power to carry semi-humorous scenes like these, and even Mrs. Carter, with her marvelous poise, was unnerfed after the ordeal, for I remember her quick little gasps of breath when the curtain was rung up again and the audience madly applauded her.

Later "Du Barry" was produced in pictures, and I visited the studio in Hollywood while it was being taken.

Among her great successes which I personally saw and enjoyed were "The Heart of Maryland," "Magda," "Zaza," "Camille," and "Seppho."

Answers to Correspondents

Mrs. A. J. H.—I never heard of the song "The Swallow and the Robin," but if Miss Belle Storey sang it you might write and ask her for it.

Peggy C.—Marguerite Clark is smaller than I. You know how pretty dimples are in pictures—look at Lillian Walker and Norma Talmage.

Ella S.—"Emeralda" was taken in and around Tonkers, N. Y., last fall. Some of the scenes were taken in New York City.

M. F.—The fine wrinkles in the face can be hidden under a thick coating of grease paint—so can the freckles—but deep furrows will show up very noticeably on the screen.

Edna G.—Unless it is a costume play, we always have to supply our own wardrobe.

Rose H.—The company pays the traveling expenses even to the extra people when it is necessary to send them out of town.

Mary Pickford

How to Prevent Croup.
Every effort should be made to prevent the attacks by giving the child a light supper and plenty of fresh air at all times. The child should be warmly clad when out of doors. Especially the feet should be well protected and under no circumstances should the child be allowed to remain with wet or cold feet. Then watch for the first symptoms, hoarseness, and give Chamberlain's Cough Remedy at once and the attack may be ward off. This remedy is a favorite with the mothers of croupy children and can always be depended upon. It is pleasant and safe to take. Obtainable everywhere.

MARRYING A BUTTERFLY

By MRS. EVA LEONARD

A Discussion of Mothers-in-Law Brings Out Some of Ethel's Interesting Views.

"YOU HAVE never met our friends, the Forstys, have you?" asked Ethel Gordon of her neighbor, Nell Morton. "They are coming out to take us for a trip into the country to visit Mrs. Forstys' aunt."

"That will be pleasant. Where does the aunt live?" Nell was showing proper interest, for the subjects of conversation that the women had in common were not many.

"I think it is about fifty miles from here. If you go by train you have to get off at Riverdale."

"Indeed! That is where we got off when we go to visit Mother Morton. We spent a month down there this summer; that is, Hal and I did, and Dick was there for his two weeks' vacation. It is a lovely country. Do you remember the aunt's name?"

"Let me see." Ethel referred to the letter. "It is Mrs. Telson." "Why, that is a neighbor of Dick's mother. Isn't that interesting? I have seen her. I think I know she is a friend of Mother Morton's and that means she is a very fine character," laughed Nell.

"You seem to like your mother-in-law," remarked Ethel in surprise.

"No," I love her," corrected Nell. "She has done more to give me a correct view of life than any one I know. She is a fine character. I wish you could know her." Nell was thinking how intolerant the old lady would be of Ethel's thriftless ways and wondering what Ethel would do if the old lady "gave her a piece of her mind," as she called telling in plain language what she thought of a certain line of conduct that did not

meet her approbation. "Perhaps she will visit her some time and I can meet her," replied Ethel indifferently. "Mothers-in-law are not usually adored. I should like to see this one."

"Why, you must have had a very uncomfortable time with your mother-in-law," laughed Nell.

"No, I hardly know her, but I hope our paths will not cross very frequently. It is better so. No two people can see alike and of course she is so interested in Ralph that she would think everything I did that did not meet with his approval was necessarily wrong. That's natural." Ethel's smile was sarcastic.

"Don't feel that way." Nell's tone was earnest. "I did at first, before I knew any better. Of course our husbands' mothers are interested in their boys. They would not be mothers if they weren't, but are not wives interested in their husbands too? If the mothers, who have lived so much longer and consequently know so much more, can put us right when we are wrong, shouldn't we want them to?"

Ethel tossed her head. "Perhaps we should, but I for one do not want anyone interfering in my affairs."

"You surely do not mean that you would rather go on in a wrong course, go on making mistakes that would make everyone unhappy, rather than let someone show you your mistake?" inquired Nell indignantly.

Ethel shrugged her shoulders, but did not reply.

"Willingness to learn is the sign of an open mind. I want to learn of everyone who can teach me. It is so much easier than learning by experience."

"I can see why you get along with your mother-in-law," laughed Ethel. "You are a wonder, you are." And she rose to go.

(To be continued.)

PERHAPS THAT'S WHY HE IS THE BOSS

"Everybody in our office has the grip except the boss," says T. Bone Rayer. "A typhus plague might come along and sweep down the whole force, and the boss wouldn't be two minutes late the next morning."—Kansas City Star.

Amusements

FAUROT OPERA HOUSE.

Last time today, "The Spell of the Yukon." The leading roles will be acted by Edmund Breece, the great dramatic star whose work on both stage and screen has brought him many admirers here, and the enthusiasm displayed by yesterday's large audiences fully demonstrates that the Metro people made no mistake in selecting Mr. Breece for this strong part. The scenes of the play are laid in New York and Alaska. There is a notable cast supporting Mr. Breece, including Arthur Hoops, Evelyn Brent, Christine Mayo, and others. "The Spell of the Yukon" is accompanied by comedy. "It Never Got By," with Mr. and Mrs. Sidney Drew. Also one of Pathe's famous colored pictures.

Mary Pickford comes back to the Faurot next Saturday, playing a return engagement in one of her most notable successes, "The Foundling."

STAR THEATRE.

Flora Parker De Haven in "The Seekers," with Edward Hearn and Charles Myles, is a Red Feather feature in five parts that is sure to more than please all patrons of the Star today. As an added attraction they will present "Napoleon" and "Sally," the greatest educated monkeys in the world, in a jungle scene.

They Keep You Young Looking.

When appearing in public the fact that you wear double vision glasses is not revealed if you wear

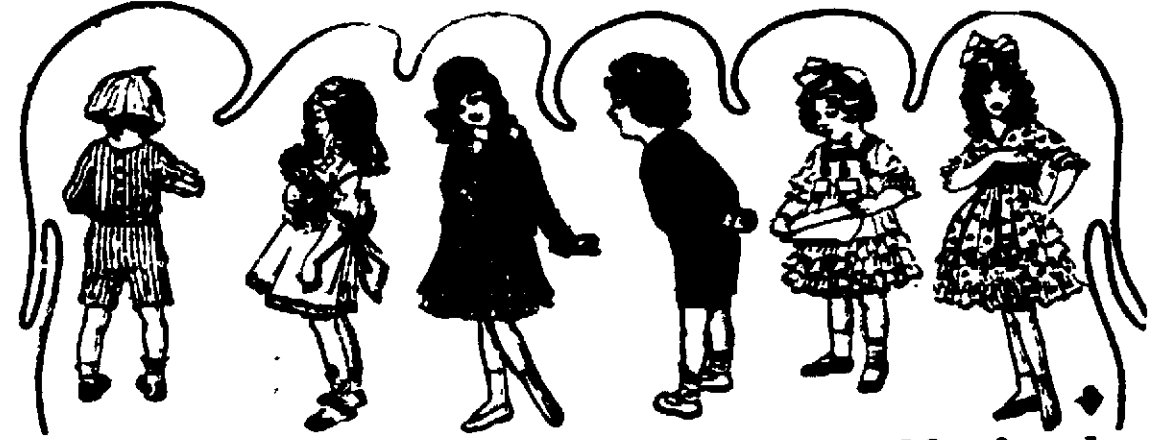

They have none of the disagreeable lines and seams of the "old fashioned" bifocals, but they enable you to see near and far objects with perfect distinctness.

KRYPTOKS (pronounced Grip-ticks) are the bifocals that lend a look of youthful dignity and at the same time give perfect night

July Clearances in Children's Dresses Hats, Boy's Suits, etc.—Annex

Exceptional Values and All Seasonable Merchandise

Saturday you can find some good bargains in Children's Wear in the Annex (first floor). All seasonable merchandise and mostly fresh clean stock. The time of year is here when prices must be reduced to clean up all Summer stocks. Much of this will be desirable for Fall wear as well. Note the reductions:—

Children's Wash Dresses that were priced up to \$3.98, light and dark ginghams, percales, crepes, etc., go at 89c each. 2 to 14 yr. sizes.

Children's Wash Suits that were \$1.19, Russian and midget styles, plain colors and stripe materials, now 50c. Odd lots and broken sizes.

Children's White Dresses, 1 to 6 yr. sizes, organdies, voiles, lawns, piques, etc., were priced from \$1.50 up to \$3.00, now \$1.00 each. Slightly soiled from handling.

Children's Hats that were \$1.25 and \$1.50, only about 3 dozen left, 2 to 8 yr. sizes, go at 49c each.

Children's Wash Hats, in white and colors, many of them hand embroidered, \$1.00 and \$1.50 values, now half price.

Children's White Dresses, 6 to 14 yr. sizes, beautiful styles, all fresh, clean stock, priced at 98c to \$12.50, go at greatly reduced prices during this sale.

Sale of Kimonos—Saturday

We offer at our Center Section (Main St. entrance), one lot of women's Kimonos in new styles for Summer wear, of plain color crepes embroidered in silk, and figured serpentine crepes in pretty new styles, some with border effects. Made with elastic waists and empire styles. Seven different models among them. Just what every woman needs for bedroom, house and lounging wear. A couple in your trunk will add to your vacation comforts. Prices for this sale only, \$2.00 kimonos, \$1.59 each; \$1.50 kimonos, \$1.19 each; \$1.00 kimonos, 88c each. Be sure to get one or two of them.

\$1.75 to \$3.50 Curtains, 98c Pair

Tomorrow you have choice of a big lot of Curtains, odds and ends in 1 and 2 pair lots mostly—a few 3 pair lots among them—regular \$1.75, \$2.00, \$2.50, \$3.00 and \$3.50 curtains in marquisette, novelty nets, swisses and other styles, white, ivory and ecru, at 98c pair. Bargains if you can use them.

All other Curtains in stock go at 20 per cent discount during this sale only. A word to the wise.

Hosiery Clearances for Saturday

Odds and Ends at Interesting Prices

Women's \$1.25 Fancy Silk Hose, a few of each style, stripes and two-tone effects, odds and ends in sizes, go at 98c pair.

Women's White Silk Boot Hose, double sole and toe, high spliced heel, garter top, all sizes, 35c value, 29c pair.

Knit Underwear Priced Lower—Tomorrow

Women's Knit Union Suits, low neck, sleeveless, cuff or shell knee styles, all sizes, 35c or 3 suits for \$1.

Women's Knit Vests, low neck, sleeveless or wing sleeve styles, 19c each.

Misses' Knit Union Suits, low neck, sleeveless, drop seat, cuff or lace knee, 25c values, 19c.

Men's 50c Union Suits, fine dimity,

Misses' Silk Lisle Hose, fine ribbed, white only, 35c values, 25c pair. All sizes.

Children's Fancy Top Socks, nearly all colors, 15c or 2 pairs for 25c.

Children's Fancy Top Socks, odd lots in colors and sizes, 10c pair.

athletic styles, all sizes, 43c each.

Men's \$1.50 Knit Union Suits, in ecru with long sleeve, ankle length; white with short sleeves, 3-4 length, go at \$1.29 suit.

Children's Gauze Vests, low neck, short sleeves, all sizes, special at 7c each or 4 for 25c.

Many other odds and ends at low clearance prices.

Table Linens at July Sale Prices

We are offering some very special values in Table Linens during our July Sales. These Linens are all of the well known Bluem quality, are all pure linens and come in a good assortment of neat, tasty patterns. Prices—59c, 75c, 85c, \$1.00, \$1.10, \$1.25 and \$1.35 yard. Considering the scarcity of pure linens and the rise in prices, every woman who needs to replenish her linen closet should take advantage of these special values.

\$1.00 Gloves, 69c Pr.

One lot of Long Silk Gloves, regular \$1.00 quality, in black, navy, grey, pongee and tan colors, nearly all sizes, go for clearance at 69c pair.

White Silk Gloves, all styles, wrist length, 50c, 75c and \$1.00 pair.

Parasols at \$2.98 and \$3.98 Each

Were Priced From \$3.50 to \$7.50

Our entire line of Women's Parasols go for July Clearance at greatly lowered prices. The backward Summer season has left an unusually fine selection of styles on our hands—and they must all go, as usual, at clearance prices. You will find some beautiful styles from which to select and in many cases at only half regular price. Regular \$3.50, \$4.00, \$4.50, \$5.00, \$6.00 to \$7.50 values, in two lots, \$2.98 and \$3.98 each. At least 50 Parasols from which to choose.

All Children's Parasols reduced for clearance, too.

G. E. BLUEM

All Share In Larger Pay Checks Past Year

Average Increase 12 Per Cent Under Democratic Rule.

The entire army of American labor is sharing in the nation's prosperity.

Information gathered by the department of labor shows a pronounced trend upward in the wages of the men who work with their hands in every industry and gainful occupation.

In every state of the union the full dinner pail is a reality; there are no "bread lines"; the calamity howlers are put to rout.

Government experts are of the opinion that the general average wage increase in the last year will approximate 12 per cent.

An examination of 1,486 reports indicates \$300,000,000 added to the annual pay checks of approximately 5,700,000 workmen.

Tabulating Wage Increases. Secretary of Labor Wilson has had compiled the wage announcements and reports appearing in such newspapers as came to the department, and has summarized the interesting result. The period covered was from July 1, 1915, to May 15, 1916. The publications examined included 18 dailies, 20 monthly and semi-monthly trade journals, and 100 weeklies—in all 138 publications.

About 3,000 wage increase articles were tabulated, which by careful checking to eliminate duplicates netted 1,486 wage increases reported in the 138 publications.

Of the 1,486 wage increase reports, 794 reported the number of establishments affected, as 2,247. On a similar basis, the total number of establishments affected by the 1,486 wage increases would approximate 4,200 establishments.

Near Six Million Wage Earners. Again, only 493 of the total 1,486 wage increase articles gave the number of wage earners receiving the increased pay. But these 493 reported a total of 1,901,322 wage earners affected. On a similar basis the total number of wage earners affected by the 1,486 wage increases would reach 5,700,000.

The number of wage increases reported by these 138 newspapers and trade journals represent, of course, only a partial story. If the files of 1,000, instead of 138 publications had been consulted, a far more nearly complete review of the labor field of the 48 states would have resulted. It is true, likewise, that hundreds of wage increases are made

which do not get press publicity. All American industries affected. The rate of increase ranges all the way from 5 per cent to 20 per cent; from 5 cents to 60 cents per hour; from 25 cents to \$6.00 per day; from \$1 up to \$25 per week.

Here are a few of the interesting cases, showing how general the wage movement has been both as to territory and occupation:

Five thousand Arizona miners and smelters get a flat rate of 20 per cent; while 4,000 get 88 cents increase per day; and 4,000 more up to 60 cents per hour.

California printers and bookbinders get raises running from \$2 to \$25 per week, while metal workers, foundry and machine shop operators, and the building trades get increases of 50 cents to \$4 per day.

In Connecticut there were 35 wage increase reports in foundry and machine shops alone, the rate of increase being from 10 per cent to 25 per cent. One of these increases, of 15 per cent, affected 19 establishments employing 23,000 wage earners, and another 30,000 men.

Eight Colorado cases increased 10 per cent the pay of 24,000 miners and metal workers.

Various Increases in Illinois. Illinois increases reported to the number of 85 included bakers, building trades, clothing, foundry and machine shops, laborers, printers and bookbinders, railroads, street railways, stock yards and packing plants, teamsters and theatres, affecting hundreds of establishments and thousands of wage earners. Three wage increases in packing houses reached 75,000 men.

Indiana, Iowa, Kansas and Kentucky wage increases reached a broad list of industries as in Illinois; the principal increases being 10 per cent to 20 per cent, or \$1 to \$5 per week.

In Maine the wage gains were largely in paper mills and textiles, one raise reaching 7,000 textile workers; though the building trades, printers and longshoremen also got theirs.

Bay State's Good Fortune. Over 200 wage increases were noted in Massachusetts, embracing practically every industrial occupation. Two cases covered 97 building trade establishments. There were about 50 cases affecting foundry and machine shops; the number of wage earners being from 50 to 3,000, and the rate of increase being commonly 10 per cent to 15 per cent. There were also 50 or more wage increases in cotton, wool and other textile establishments. One 10 per cent raise went to 50,000 textile workers, and 20 other raises of 5 per cent to 15 per cent affected 1,000 to 30,000 wage earners each.

In Michigan, Minnesota and Missouri, bakers, building trades, foundrymen and machinists, printers and railway employees got raises, one 10 per cent Michigan raise hitting 14,000, while in Missouri \$1 per week was added to 30,000 pay envelopes at one clip.

In Montana the building trades got a jump of \$1 per day, and miners from 25 cents up to \$5 per day.

New Hampshire textile mills report two wage increases reaching 20,000 workers in each case. There are 130 wage increase reports from New Jersey, covering bakers, building trades, clothing, foundry and machine shops, iron and steel, miners, munitions, printers, railroad, teamsters, textile, and

CAPTAIN OF GERMAN SUBMARINE BREAKS BLOCKADE

CAPT. PAUL KOENIG, U.S.N., U.S.A.

BALTIMORE, Md., July 13.—Capt. Paul Koenig who commanded the successful voyage of the merchant-submarine "Deutschland" in commenting upon the flood of German submarine merchantmen, claims that they will break the British blockade. He advises that the next submarine merchantman to arrive here will be the Bremen, sister ship of the Deutschland and that she will arrive here in about eight weeks, after which there will be a regular schedule of arrivals and departures.

According to Capt. Koenig, it will not be necessary to take on any oil here and that it will be just as easy to go back as it was to come over.

common labor. Bakers got raises of \$1 to \$2 per week; building trades, 40 cents to 50 cents per day. There were 16 foundry and machine shop raises of 12 per cent to 30 per cent, and nine textile mill raises of 10 per cent to 25 per cent.

New York Shares Prosperity. Over 150 wage raises were listed for New York. One clothing case added 50 cents to \$2.50 per week to 40,000 wage earners. Three building trade raises ran from 25 cents to \$5 per day for 26,000 mechanics. Fifty foundry and machine shop raises touched 100 to 3,000 men each, and one common labor settlement placed 10,000 men on a basis of \$2 to \$2.75 per day. There were seven wage jumps for street railway operators, and 15 for printers, in each case affecting thousands of pay envelopes.

It takes about 200 wage articles to cover Ohio, and about the same for Pennsylvania; and the wage wave reached every line of industry. Even water transportation raised wages in Ohio, and two iron and steel raises of 10 per cent each affected 60,000 men, while nine cases involving thousands raised Ohio street railway wages.

Oklahoma bakers, builders, printers and stonecutters got busy with the pay envelope; and out in Oregon the same industries plus railroads and miscellaneous took wage liberties, in one case adding \$2 per week to 4,000 pockets.

Record in Pennsylvania. Pennsylvania, which used to think that high tariff was necessary to high wages, gives 80 wage increase settlements in the iron and steel industries and the foundry and machine shops—38 of those wage increases being from 10 per cent to 30 per cent, and nine of them affecting 5,000 to 24,000 men each—and all under a democratic tariff law. Also, without a tariff, Penn-

sylvania raised the wages of coal miners as follows: In two cases, 20,000 each, one case 40,000, one case 50,000 and another 176,000. Rhode Island, presents 35 good cases, in which textile workers take the lead with an average of about 10 per cent wage increase; six cases involving 24,000 wage earners.

South on Honor Roll.

Most of the southern states are likewise on the honor roll of increased wages; the big empire of Texas showing average Maryland and West Virginia make showings similar to those of Ohio and Pennsylvania.

Wisconsin furnishes one case of 12,000 wage earners getting an increase of 19 per cent to 12 per cent. Utah and Vermont, which endorsed fast and the Payne tariff, are somewhat more modest in presenting wage increases under democratic auspices, though Utah boasts one case where 8,000 miners were benefited.

Then there are 32 wage reports on interstate corporations, such as the big steel companies and some of the textiles. One textile raise affected 44 establishments and 35,000 hands. One 10 per cent steel raise went to 162,000 men, and another to 250,000.

Increase Near \$400,000,000. By reason of the great variety of ways in which wages have been raised throughout the United States—sometimes by the day or week, and again by horizontal percentage or by the piece—the labor department has not attempted to strike an average rate of increase.

It is quite probable that the average raise throughout the United States this year will approximate 12 per cent. But, to be conservative, let us call it 10 per cent.

The average annual wage will ap-

proximate, say, \$600 a year. This would make \$60 a year as the average increase per hand. This increase it has been shown, would certainly affect 5,700,000 wage earners. But apply this conservative estimate to an army of even 5,000,000 wage earners, and you have \$300,000,000 as the volume of increase in the pay rolls of American labor during recent months, as approximately reported to the American press. Doubtless this is only a small part of the big story of this high-water era, for the tidal movement of good times for American labor is still rolling up and on.

NEW MEXICO MINES YIELD 19,000,000

Aggregate Output of Gold, Silver, Copper, Lead and Zinc in 1915.

The output of New Mexico mines in 1915, as reported by the United States geological survey, had a value of more than \$19,000,000. Charles W. Henderson of the Denver office of the survey, gives the detailed production as \$1,461,005 in gold, 2,005,531 ounces of silver, 76,788,366 pounds of copper, 4,542,361 pounds of lead, 25,404,064 pounds of zinc (in terms of spelter and zinc in zinc oxide). These figures show an increase of \$289,309 in gold, 228,086 ounces in silver, 17,480,441 pounds of copper, 2,

778,720 pounds of lead and 7,000,672 pounds of zinc.

The value of the metals, except silver, was higher than in 1914, the total being \$19,279,368, against \$11,049,932 in 1914, an increase of \$8,229,436.

The Mongolian district Cocorro county eighty miles from Silver City, Grant county, continued to be the most productive district in New Mexico in output of gold and silver. The production in 1915 was \$305,165 in gold and 1,301,059 ounces in silver, as compared with \$629,102 in gold and 1,410,327 ounces of silver in 1914.

DROWNED IN QUARRY POND. Frank Sanders, 25 years old, who was drowned on Tuesday evening, at

Ottoville, will be held in Immaculate Conception Catholic church at Ottoville, on Friday morning at 9 o'clock. The Catholic Knights of Ohio and the Young Men's Sodality, of which he was a member, will attend. Interment will be at the Catholic cemetery there. The Rev. Father Ludwig, pastor, will officiate. With a companion, Sanders went to the Lauer stone quarry, located just north of Ottoville, in southwestern Putnam county, to enjoy a swim. He got beyond his depth, was seized with cramps and sank before help could reach him.

NOTICE

The office of R. L. Longworth, optometrist, Room 31, Harper Bldg., will be closed during month of July.

Headaches, Sallow Complexion and Stomach Trouble—Result of Liver Not Acting Freely.

A Wineglassful of Concentrated Tollo Water Will Make Your Liver Work Freely in Half an Hour.

The usual headache (especially the "morning headache") is caused by bile that has backed up in the system. This also is the cause of sallow complexion—"sour stomach"—coated tongue—bad breath and constipation.

Concentrated Tollo Water induces the liver to resume its normal activity in a natural way by causing the bile to flow freely into the bowels and washing the waste out of the system. Then, the system becomes normal—the headaches are gone, the skin clears— and the stomach becomes clean, sweet and able to perform its proper functions.

This must be done in a natural way. Not with calomel or dangerous drugs. Such "remedies" often sallow and upset the stomach. And, at best, their effect is only temporary.

Try a Tollo Water River bath. Go to your druggist and get a 15 cent bottle of this famous water from Dawson Springs, the noted Kentucky health resort. That one bottle will be sufficient to give you several River baths. Before breakfast, drink a third of a tumbler full in a glassful of plain water.

Do this occasionally. You don't need to do it every day. Refresh and keep your natural good health.

Cincy Divides Double Header With New York

CINCINNATI, O., July 14.—New York and Cincinnati broke even in a double header yesterday, the visitors winning the first game 5 to 3 and the locals capturing the second, 7 to 4.

New York hit Toney rather freely in the first contest, but four of their runs were due to two costly slips by Cincinnati players. The first came in the third inning when Neale misjudged Doolan's fly. This gave New York two runs. Again in the seventh, Griffith misjudged a fly hit by Robertson, which counted for a home run and scored Kauff, who had doubled.

In the second game Tesreau was hit hard in the first and eighth innings. Bluejacket was tried out again, but was relieved in the fourth inning, after passing Merkle, the first man up. For disputing a decision at first base in the first game, Wingo was put out of the game by Umpire Harrison. Scores:

New York	AB	R	H	PO	A	E
Kauff, cf	5	1	2	0	0	0
Robertson, rf	5	1	3	4	0	0
Doyle, 2b	3	1	1	1	0	0
Doolan, ss	4	1	3	2	5	0
Merkle, 1b	4	0	1	7	2	0
McKeechnie, 3b	4	0	0	3	1	1
Hariden, c	3	1	1	8	2	0

Interest Shown In Game Against Shannons, Sunday

Fans are looking forward to seeing one of the best games of the season at Murphy street park Sunday afternoon when the Independents stack up against the fast Columbus club. As practically no change will be made in the line-up of either club, it is easy to see that the contest will be close.

It is possible that local players will face another pitcher. Although Sher pitched a good game of ball against Lima early in the season, it is rumored that the management of the Columbus team is desirous of obtaining another twirler for the occasion.

Negotiations are on which may bring three stars to Lima. However, it is not definitely known whether any of these men will be in Lima uniforms Sunday. As Carroll stopped the visitors on the other occasion, it is likely that Manager Holman will pin his faith on him again.

The Athletics are easy picking. The Browns took another.

President Wilson rooted for the Nationals. But that did not prevent the Tigers from winning.

After the Giants had captured the first game from the Reds, Tesreau lost the second game. It was one of his off days.

The Dodgers were held by the Cardinals in the first set-to. But they sneared the Hugginites with a fine coat of whitewash in the second.

Holme Zimmerman's circuit swat ending in two men ahead of him and Snyder, Gonzalez, Brotem.

He gave the Cubs a victory over the Phillies.

Roth Boston teams were idle. Rain.

New York Wins First Game of Indian Series

NEW YORK, July 14.—New York regained the lead in the American league race yesterday by winning the last game of the series from Cleveland, 6 to 3. Shawkey, who lost the first game of the series, won today.

Klepper was knocked out of the box in the sixth inning, when the Yankees won the game by scoring three runs on Hartzel's base on balls, High's double, Peckinpaugh's triple and Pipp's sacrifice fly.

A threatening storm delayed the start of the game and rain fell from the sixth inning until the game was stopped in the eighth, with New York at bat, two out and two runs scored. The last three innings were played in semi-darkness. Score:

Detroit-Washington.

WASHINGTON, July 14.—Detroit made it three out of four by defeating Washington yesterday 3 to 1. President Wilson saw the game. It was the first he had attended since the opening of the season. Score: Detroit . . . 0 3 0 0 0 0 0 0—3 7 1
Washington . . . 0 0 0 0 0 0 0 0—1 4 1
Batteries, James and Baker; Boehling, Shaw and Henry.

Dillon Is Loser to Levinsky

BALTIMORE, Md., July 14.—Jack Dillon, the Indianapolis "Man Killer," who has been going through all the heavy-weight contenders like water through a sieve, caught a "star" in Battling Levinsky. The two men met in a ten round bout yesterday and the batter proved master. In the final round he had his man all around the ring. Dillon was holding on. Up to time the fight was a tame one.

The fight was originally scheduled to go 15 rounds, but owing to the smallness of the house, the bout was cut to a 10 round no-decision affair. Financially the fight was a failure and the men were forced to accept a reduction of their share of the purse, only going on to please the visiting Elks who are convening here.

Levinsky's cleverness clearly had Dillon guessing and this fact enabled the batter to earn the popular decision.

TRUNKS TRAVELING BAGS TOURISTS OUTFITS THE STAMP OF APPROVAL

Will greet you on your Summer Outings if this store supplies your needs in these lines. Guaranteed makes of Luggage insured safe return. It has always been the policy of this store to offer the best values the markets afford at moderate prices. BELGIAN ARMY IS NOW FIRST CLASS FIGHTING FORCE

Once Desperate Fragments
Welded Into Great, Well
Equipped Body.

Refugees in French Towns
Flock to Standard of
Homeless Nation.

PARIS, July 14.—It is hard indeed to recognize in the well-equipped and trained Belgian army of today the dishevelled, war-weary troops who, at the end of a painful retreat and lacking almost every military necessity but courage, turned desperately to bay and helped to make history at the battle of the Yser.

The re-organization accomplished since October, 1914, is a remarkable

DULL, SPLITTING SICK HEADACHE

Dr. James' Headache Powders Relieve at Once—10 Cents a Package.

You take a Dr. James' Headache Powder and in just a few moments your head clears and all neuralgia and distress vanishes. It's the quickest and surest relief for headache, whether dull, throbbing, splitting or nerve-racking. Send someone to the drug store and get a dime package now. Quit suffering—it's so needless. Be sure you get Dr. James' Headache Powders—then there will be no disappointment.

testimony to the energy inspired by the example of King Albert and the zeal with which, often in very difficult circumstances, his officers have fulfilled their task.

The result of their efforts is that M. de Broqueville was able to declare recently that the Belgian army is more numerous and better equipped today than it was at the outbreak of war.

When, in October, 1914, Antwerp was evacuated, the Belgian recruits who had joined and, being still without arms or equipment, had been employed in digging trenches round the city, were sent back to the neighborhood of Furnes.

Driven thence by the approach of the Germans, they retired, under the command of Lieutenant-General de Selliers de Moranville, to Dunlirk. Hence, in the face of innumerable difficulties, of which not the least was the lack of shipping, they were conveyed to Normandy where the whole work of preparing them for the front had to be undertaken from the beginning.

The men had to be lodged, clothed, armed, and equipped far from their own invaded country.

The French government rose to the occasion. An extensive camp and a number of large buildings in various parts of Normandy—barracks, convents, and unemployed factories—were put at the disposal of the Belgians.

Clothing was hard to find, and here again, for part of it, recourse was had to the French, although they themselves had barely enough for their own needs. A clothing depot was formed at Rouen, which obtained cloth from Elbecuf. Factories which had been closed for want of labor were re-opened for the manufacture of equipment.

Similarly at Rouen, and this time with the assistance of the British Red Cross, a hospital center was created, including a large portable hospital, situated above the town in a particularly healthy position, a section for mechanical treatment and a section for the manufacture of artificial limbs. Another hospital center, equally well equipped, was found in the district of Rennes. At-

tached to these hospital organizations are convalescent homes.

From the purely military point of view, the arrangements made by the general inspection of the Belgian army are wonderfully complete. There are centers for infantry training, an artillery school and depot, a machine gun school, a bombing school at which men coming from the convalescent homes are taught by "old soldiers" the latest "tricks of the trade" before returning to the trenches.

Reuniting offices have been started in all French towns where assemblages of Belgian refugees are to be found, as also military establishments at all places through which the troops pass.

Most important of all, a school, known as the "Center d'instruction des sous-lieutenants auxiliaires instructeurs," has been opened, at which a great number of picked non-commissioned officers and soldiers are taught the command of platoons, thus ensuring a steady supply of well-trained officers.

LIMA BANKERS ORGANIZE.

The era of organization has reached Lima bankers, and yesterday afternoon action was taken toward the formation of a co-operative association of all banks and building and loan associations in the city.

Nearly a score of men attended the meeting at which James W. Halfhill presided with Charles F. Sprague as secretary.

A motion that the bankers form a co-operative association to promote the interests of the banking business and of the city of Lima was unanimously adopted.

The next meeting will take place on the second Monday in September, at 7 p. m.

Among those who attended the meeting yesterday were: Elmer Mitchell, Emmett Curtin, Claire Tolman, John Roby, Charles Lynch, Charles Sprague, Peter Beck, Benjamin Thomas, John Kerr, W. B. Ritchie, J. W. Halfhill, Frank Cunningham, Harry Jones, W. F. Gensel, O. B. Selfridge and Owen Francis.

WILL SLOAN'S LINIMENT RELIEVE PAIN?

Try it and see—one application will prove more than a column of claims. James S. Ferguson, Phila., Pa., writes: "I have had wonderful relief since I used Sloan's Liniment on my knees. To think after all these years of pain one application gave me relief. Many thanks for what your remedy has done for me." Don't keep on suffering, apply Sloan's Liniment where your pain is and notice how quick you get relief. Penetrates without rubbing. Buy it at any Drug Store. 25c.

ONIONS AT THEIR BEST.

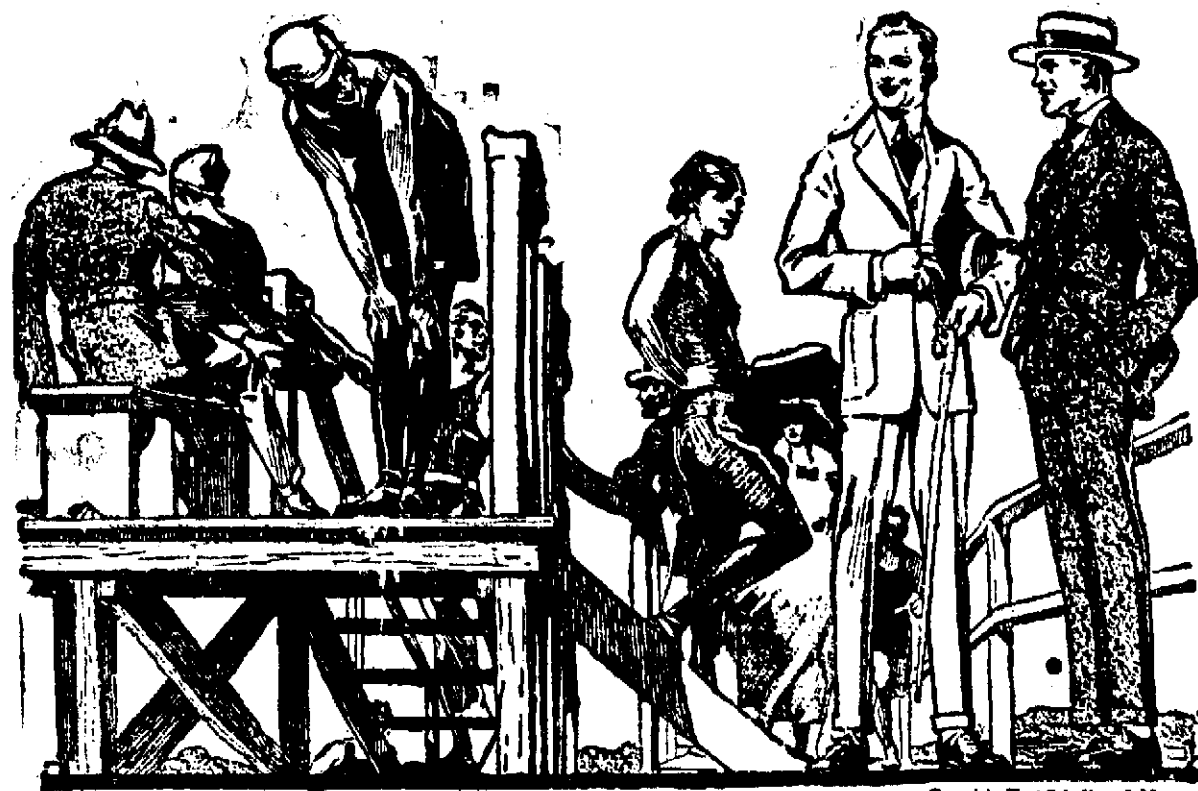

Onions are at their best when boiled whole in milk, or when steamed. When prepared in either of these ways and eaten with bread and butter and cheese they make a satisfying and nutritious meal on which you can do brain work or manual labor.—Exchange.
